The Editor's column

by S. R. PADDOCK

There are two elections coming up within the next few days—state primaries next Tuesday and what is more important, school elections on Saturday.

Those primaries will take care of themselves, but the schools need the help and council of all of us.

There is no opposition to the candidates for board members in many of the school elections. In districts 59, Elk Grove, and 21, Wheeling, approval of tax rate increases are being asked. It is obvious that a higher rate schedule is necessary if those schools are to handle the enrollment load expected next September.

•

District 24, Wilson school, is not submitting any tax rate increase or bond issue to its voters, but it is offering a live election contest next Saturday. There are five candidates for two positions on the board. With the election out of the way after Saturday, the district will take up plans for an addition to the school building. It is not anticipated that a tax rate increase will be necessary at this time.

•

We learned the other day about a recent conference held between representatives of School Districts 25 and 24, with the developer of Virginia Terrace sitting in.

Virginia Terrace, a development of over 254 homes is something like an orphan child. District 24 does not know if it wants to acknowledge its legitimacy and District 25 is determined that it does not want Virginia Terrace as a step child.

The Lutgert Construction Co., developer of Virginia Terrace has assured the first 100 purchasers of lots that there is a school for its children. In order to make good that promise, it has offered to kick into the educational fund of School District 24, $25,000 with no strings attached, if the taxpayers of the district approve a bond issue of $45,000 to add three school rooms to the present building.

In reality such an offer by a subdivider is bigger news than the election contest Saturday in Arlington Heights high school district, where four persons seek the two positions on the high school board.

There is no use kidding ourselves but that high school election is an aftermath of the recent bond election. It should not be that way.

The people, by an overwhelming majority, recently settled the bond issue matter. It is now time to elect to the high school board men or women who can best serve that school.

•

Our schools are not the only things that are bursting at the seams around here. This paper is in the same situation. Normal issues of 32 pages is our limit. Otherwise, we would reprint this week the qualifications of the four high school candidates.

The advertising columns used this week carry much of the information about the candidates. The balance of the information responsibility rests with the two campaign groups. If they do a good job there will be a representative vote next Saturday.

•

We now turn to more material things. The decision of William Trude, builder of The Elms stores and Arlington Garden apartments to allow eight large trees to remain along the highway is welcome news.

Street widening and business inroads too often gives the death sentence to the trees that have made Arlington Heights famous. In addition, residents of Scarsdale will go to bed happier tonight after they read in this issue Mr. Trude's plans for the residential development of the Pfluger property, which threatened to become a shopping center.

•

Truck gardeners of Elk Grove township have a special reason to approve the tax rate increase asked by District No. 59. The increasing number of Mexican children attending school will require two extra teachers. The Mexican enrollment is expected to reach 100.

•

There is a lot of other good news this week. The Red Cross campaign went over with a bang. The YMCA drive is now in progress. Campbell street widening has taken a turn for the better. Arlington people are becoming more safety conscious and our churches were never so crowded. And there is still three weeks to raise the money to pay those inevitable taxes.

The only thing to worry about is that H-bomb that has become so powerful that it could destroy civilization.

We should not worry too much about that danger because there are probably a few more wars in the offing which the Bible tells us must precede the millennium when Peace on Earth Shall Rule.

It has to come pretty quick if this editor of 72 years gets the opportunity to write about it.

Red Cross Drive Over The Top; Net $5,494

Mrs. Frank Harris, chairman of the Arlington Heights Red Cross fund campaign reports the drive has gone over the top, with this year's donations totaling $5,494.11. The goal for the village was $4,500.

Sixteen area captains assisted Mrs. Harris in organizing the drive, who in turn appointed block captains to canvass the various neighborhoods. Mrs. Harris extends a warm thanks to all workers, as well as to those who contributed and enabled the drive to be a success.

Mayor Goedke Offers One Answer To Flooded Basement Problem

Mayor Goedke suggests that Arlington Heights residents disconnect roof downspouts and allow rain water to splash on stone slab or other hard surface to prevent erosion of lawns.

Water thus diverted will eventually find its way into the drainage system, but will relieve flash flooding aspects of anticipated April showers.

Mayor Goedke cautions that tile from which downspouts are disconnected should be sealed against accumulations of silts or sticks and stones dropped therein by children.

Waxing philosophical Mayor Goedke reminds us that "Heaven from whence the rains are sent, helps those who help themselves—especially where municipal installations and limited services prove inadequate. In a more serious mood the Mayor states he would like to hear from anyone who has a basement flooding problem to determine if the condition is a local problem or one of system wide concern.

Lions Launch Ticket Sales For Circus

Successful arrangements to make May 26 a free circus day for all kiddies who could not afford to pay their way to see a major three-ring circus have sent the Arlington Heights Lions club circus campaign off to a rousing start, William Gappert, circus chairman, announced this week. chairman, annuonced this week.

The Lions club brings the 1954, fifteenth anniversary edition of the world's largest motorized circus, Mills Bros. Three-Ring Circus, here for afternoon and evening showings under the big top at 1200 E. Euclid.

"Members have now launched their own ticket campaign, proceeds will aid the Lions bus shelter, Boy Scouts, Leader Dog League for the Blind, and classroom for the blind projects," continued Gappert, "Fifty per cent of advance adult sales go into this fund, in contrast to only 10 per cent from showday sales, so patrons can help the local fund by obtaining tickets now."

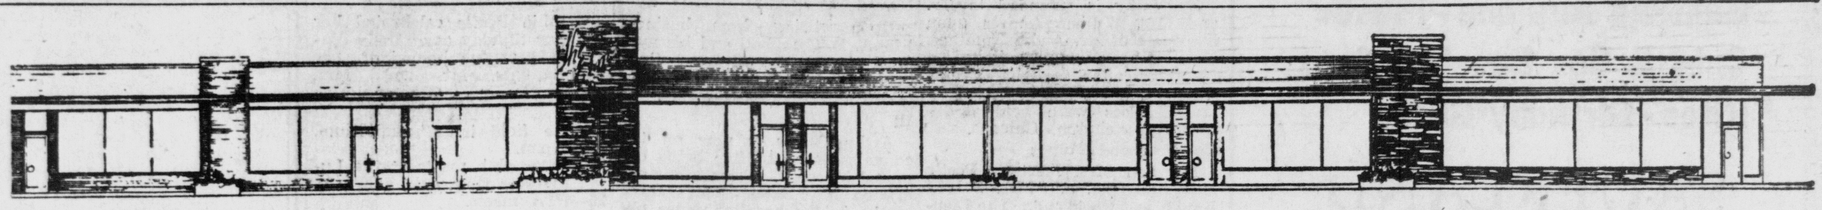

Harold Hastings heads the advance ticket committee. Other committee men include N. J. Leimetter and Nelson Hauff.

Don Hartman New Prexy Of Chamber of Commerce

Don Hartman was elected the 1954-55 president of the Arlington Heights Chamber of Commerce at its election of officers Monday.

Others elected are: Charles Wilson, vice president; Dr. Robert Balfour, treasurer, and Nelson Hauff, secretary. Two additional directors elected are Walter Aronson and Everett Lindgren.

The new officers and directors took over their duties Monday.

The new shopping center on Northwest highway, Arlington Heights, on the site of the now dismantled Old Folks Home. Sixty foot parking frontage, wide sidewalk with overhang, ten store units, apartment house in back, are all included in the plans.

Plan Ten Store Center On Old Folks Home Site

Another proposed shopping center along the Northwest highway, Arlington Heights, was revealed this week in an announcement made by Bill Trude as he showed plans of a ten store unit to be erected on the site of the dismantled Old Folks Home.

The center would front on Northwest highway with a 60-foot wide parking and drive-through area alongside the Elm trees which will be left standing. A wide covered sidewalk in front of the modern-front stores, with crab orchard stone pillars will provide a modern tuoch.

* * *

BEHIND THE shopping center, called "The Elms," will be the three units of Arlington Garden apartments, directly across Euclid avenue from the high school.

Parking facilities for more than 50 cars will be provided in an enclosed area in front of the stores. The Old Folks Home is presently being wrecked to make way for the project.

* * *

TRUDE ALSO annuonced over the week end the purchase of the Pfluger farm property on South State road for residential construction. The site originally was earmarked for a shopping center by John Lindstrom, but protests delayed things so long, the project was dropped.

Trude has scheduled some stores in the commerical area fronting on State road, and intends to build 35 ranch homes on the rest of the 13 acres adjacent to Scarsdale subdivision of Arlington Heights. The homes will be similar to those Trude Land Development company has erected on the far south side of Arlington Heights, but will not be started, probably, until 1955.

MORE DETAILS of the Better Homes & Gardens "Home for All America" were revealed this week. The Arlington Heights Heights home will be one of 100 throughout the country thrown open to the public the end of August. Last year the Heights home was the model of the entire promotion.

Exact location of the home in Heights is not known as yet, but will be released in about two weeks. Outstanding features include plenty of glass and a play area adjacent to the children's sleeping rooms, yet away from the quiet sector of the house.

Spirited Contest For Members Arlington High School Board

There is a spirited contest for members on the Arlington Heights high school board of education. There are four candidates for the two positions to be filled. All are residents of either Arlington Heights or Mount Prospect.

While many "split" ballots are expected, active campaigning appears to be in charge of two camps.

Alma C. Fontaine, 902 Ioka, Mount Prospect and Kenneth E. Dougan, 1103 E. Euclid, Arlington Heights, whose names are the first to appear on the ballot are being actively supported by a Parents' group, while the candidacies of Richard L. Kimbrough, 114 S. Louis, Mount Prospect and Hugh Condrey Kibbie, 202 S. Vail, Arlington Heights, are being as actively supported by the Committee of One Hundred, which took an active part in the recent school bond election. Mr. Kibbie is principal of Prospect Heights public school.

The endorsements of the candidates by the two groups appear elsewhere.

Offers Wilson School $25,000 Gift

Means Advance Payment Of Two Year Taxes As Gift

The board of education of School District No. 24, Wheeling township received Tuesday night an offer from the developer of Virginia Terrace that could set the pattern for other subdividers, whose activities would overtax the local school district.

The Raymond L. Lutgert Construction Co. has offered to place $25,400 in escrow to the credit of Wilson school, known as School District 24, provided the voters of the district approve a bond issue of $45,000 for a three room addition to the school.

The offer was the result of a conference held recently with Noble J. Puffer, county superintendent of schools, President Nygren of the school board and representatives of the construction firm.

The figure represents $100 per home which the developer expects to build. The money will not receive taxes for the homes until about 1956. The voluntary payment of the $25,400 in reality gives the educational fund of the school the immediate use of funds that will serve as a stop gap until the property is on the regular tax books two years hence.

The board is looking with favor on the offer. A mass meeting has been called for Tuesday, April 20. In the meantime a special building committee has been appointed to secure facts and figures to be presented at the mass meeting.

The board will not make any decision until after it receives a definite recommendation from the several groups within the district.

The offer from the Lutgert Construction reads as follows:

"We will deposit in escrow at the Southmoor Bank & Trust Co. the sum of twenty-five thousand, four hundred dollars ($25,400.00), said monies to be disbursed to Roland A. Franzen, the Township Treasurer, for the benefit of School District No. 24's educational fund. The educational fund to imply for the use of teachers' and janitors' salaries, and maintenance of the building including operating costs, such as heat and light. This money would be released upon your school district fulfulling the following agreement:

"THAT, the School Board of District No. 24 would bring before the voters of the district the issue of using the bonding power of approximately $45,000.00 for the construction of an addition to the Wilson School. THAT, the said voters would approve such referendum, and the School Board would cause the said addition to be built. When contracts are let and work begun, then we will release the foregoing monies to Mr. Franzen.

"This offer would have to be accepted within ninety days from date hereof. If it is accepted within that period of time the escrow of funds will be deposited on the date of acceptance."

Contracts, Violations, Ordinances Fill Village Board Agenda

Bids were opened Tuesday night at the Arlington Heights village board meeting for the foundation and piping for the new water reservoir and for the fencing of the pumping station on Northwest hwy. and Douglas.

Successful bidders were the W. M. Corporation of Chicago, who was awarded the contract for the reservoir job, and Anchor Post Products Inc., who got the contract for fencing. The W. M. Corporation's base bid was $11,971, and Anchor's base bid was $5,675. Five bids were received on the fencing project and three bids on the reservoir project.

THE ZONING violation on E. Kensington rd. was called to the attention of the board by William Wengler, who lives at 1100 E. Kensington. He informed the board that J. J. O'Brien, 1108 E. Kensington, was operating a roofing business in a residential area.

Wengler submitted a series of pictures which showed the unsightly condition of the property and also told the board the operation of the business caused obnoxious odors, traffic problems and was a fire and health hazard.

The board agreed to have a warrant sworn out for O'Brien's arrest and a maximum fine will be assessed since this is the man's second arrest for the same violation.

Trustee David Zimmerman discussed the installation of parking meters in the four railroad parking lots maintained by the village with officials of the Chicago and North Western railroad this week. The railroad is agreeable to the installation, which will involve 230 parking spaces, and details as to parking charge for commuters and payment to the railroad will be worked out later.

KEITH POSSELT of 302 W. Maple, asked the board to take immediate action to alleviate the flooding of basements in the Chestnut and Maple street areas after every rain storm. The condition has existed for several years and each year the village rods the sewer but does not seem to get at the root of the trouble.

Posselt said he and his neighbors have suffered a total loss of nearly $2,000 as a result of the flooding. The matter was referred to the sewer department for further action.

Creamery Package company has agreed to install proper equipment to prevent any further dumping of acid from their plant into the village's sewer system. The installation should be completed within a few days.

THE PROBLEM of keeping S. Beverley lane, between Rockwell and Central rds., in good repair was again brought before the board by a resident on the street. He informed the board the last repairs made by the street department lasted only two or three days. He firmly believes it is the absence of curbs and gutters along the street that causes this trouble. He said more than half of the owners in the block favored curb and gutters and asked the board to take the necessary action to get the job done.

The matter was referred to the local board of improvements and property owners will be invited to attend the meeting to iron out the problem.

The question of sidewalks along Elm st. near the Ridge school was also referred to the board of local improvements and residents in the area will be invited to attend the meeting to discuss the problem.

ANOTHER ZONING violation was called to the board's attention by R. J. Hoeffliger, 711 N. Mitchell. He told the board a home at 705 N. Mitchell, being constructed by John Philippe, was not in keeping with other homes in the area. He cited several violations of the building ordinance and asked the board to take action on the matter before it was too late.

The board informed the building commissioner to stop the builder from doing any further work on the house until the matter was straightened out.

Two new ordinances had their first reading at the Tuesday night board meeting. One ordinance calls for creating the position of a third police sergeant for the police force and the other was an ordinance restricting wastes dumped into village sewers.

Approval was given to the American Legion to use Douglas ave., along the east side of Recreation Park, for its one day Fourth of July celebration this year.

Judge Klehm Frees Passer Of Bad Checks; Family Paid Up

Judge Harvey Klehm freed Mrs. Rodger Kappa of Chicago, Tuesday morning, after her family had made good on $600 of bad checks that she had cashed in Palatine, Arlington Heights and Mt. Prospect. The judge added all costs, including matron's fee for the night she spent in the Mt. Prospect jail recently.

Other checks are still out, but her account in Judge Klehm's court has been settled in full.

Car Hit By Train, Man Escapes Injury

Robert L. Tasinai, 2518 N. Lyndale ave., was in such a hurry to cross the North Western railroad tracks at Route 53 and Northwest highway Monday morning that he did not "Stop, Look and Listen" after one train had passed.

His 1953 Chevrolet, with him inside, was thrown into a deep ditch beside the track. When taken in Tharp's ambulance to Sherman hospital, Elgin, where x-rays were taken, it was found that he had suffered no serious injuries, although the car was very badly wrecked.

After waiting for train No. 947, bound for Chicago, Tasinai started his car, although in his full view, train No. 627 bound to Barrington, was approaching from the east.

Police To Clamp Down On Habitual Parking Violators In Arlington

Overtime parking violators in Arlington Heights will find it will not pay to park overtime after the first offense.

Trustee Richard Bronwell pointed out to the village board Monday night that many of the parking violators were repeaters, being glad to pay the $1 fine for the convenience of parking all day in a spot of their choice.

In order to discourage the continuance of such practices the police department has been authorized to start charging $2 fines for second offenders and $3 fines for third offenders.

Thefts, Bogus Checks Head Police Blotter

Three thefts and a bogus check were among the many complaints investigated by the Arlington Heights police department this past week.

One theft occurred in a home several days ago but was not reported to the police until April 3 because the victim did not realize his home had been entered. Missing was a platinum diamond brooch valued at $4,700, a platinum necklace and a combination rain and top coat, gray in color. The owner told police the brooch had been placed in a small envelope and was believed to have been thrown out by mistake with garbage. Several days later it was discovered a necklace, which was kept in a jewel box, was also missing, as well as the raincoat, so they realized someone must have entered the home and taken the items.

* * *

AFTER SEVERAL attempts, thieves finally gained entrance in the William Kerwer service station at State and Central rds., sometime during the night of April 2 and 3. Money from the morning cash box was the only thing reported missing.

The third theft involved three small boys taking pop bottles from a service station and taking them to a local store and collecting deposits on them. The boys were apprehended and turned over to their parents for punishment.

A local service station owner was the victim of the bogus check passer. The check was written on the Bank of America, Emeryville, Calif., and signed by a William Bllom, 326 Vernon, Oakland, Calif. Bllom was driving a 1952 or 1953 Cadillac convertible, with a 1953 Nevada license plate No. 44-988.

John P. Bruun, 19, of 519 S. Highland, Arlington Heights, escaped serious injuries Sunday morning when his car left the road and went over the embankment on Rt. 53, just south of the Chicago and North Western railroad tracks, Palatine. He was taken to Resurrection hospital, where he was treated for a gash on his head, and a wrenched back. He was released Monday. His car, a total wreck, was towed by Arlington Fender and Body shop.

Many cases were handled in traffic court Monday night and fines levied for speeding, stop sign violations, improper tail lights on a trailer, and "souped" up muffler.

Boy And Girl, 8, 9 Start Fire In New House

The prompt action of C. E. Burns, 250 S. Bothwell, Palatine, probably saved the destruction of a new house being built by William Rolfson at 35 W. Helen rd. Sunday afternoon.

A screen door standing against an inside wall, was ignited by two young children eight and nine years old. They had gathered some paper, igniting it from a lighted salamander.

Mrs. Burns saw the flames and investigated. The fire department was called, but Mr. Burns had extinguished the blaze before their arrival. Damage was confined to the room in which the fire was started.

It has been suggested to the builder that if doors to the house were in place, the children would not have entered.

Few Contests For School Boards

There are only a few school districts in which there are contests for school board memberships. They are in Wheeling, Wilson and Schaumburg schools. In all cases there are two to be elected. The candidates are:

Wheeling school district 21: Herbert Grandt, Seth Z. Butler, Ernest Stavros.

Prospect Heights district 23: Mary H. Colmar, Errald C. Green.

Wilson school district 24: J. M. Danielson, Dorothy Rice, William I. Casteel, Margaret Moskal, Nellie Neal.

Arlington Heights district 25: Victor L. Bedingfield, James E. Wood.

Schaumburg Consolidated district 54: William J. Reynolds, Anton Schubert, Albert Sporleder, Albert Straub.

Mt. Prospect district 57: Eugene H. Robinson, Jr., Frances V. Edgcumbe

Elk Grove consolidated district 59: Frank J. Kessler, Henry C. Bollmann.

McManaway's Plat

A plat of McManaway's subdivision on Schoenbeck road near Dundee road was approved subject to the submission and approval of water percolation tests by the County Board Public Service committee Monday.

Seek Industrial Zoning For Seven Acres Near Wolf On Palatine Road

Zoning Board of Appeals of Cook County will hold a public hearing at Arlington Heights village hall at 7:45, April 23, on a petition asking that seven acres of land facing Palatine road, 1335 feet east of Wolf road, be rezoned from residential to light industrial.

Arlington and Mount Prospect youth took over the Arlington Heights village board Tuesday night during Hi-Y Youth in Government Week, under the sponsorship of the YMCA. Seated, left to right: Dave Miller, taking over the duties of village clerk, Carl Weinrich; Ken Miller, as Trustee William Luehring; Al Rose, as Mayor Albert Goedke; John Landmeier, as Trustee Robert Bishop; Tom Hoder, as village attorney, Hugo J. Thal.

Standing, left to right: James Spalding, as Trustee Charles Rehfeldt; Robert Burgess, as Judge William Neumann; Dave Fellingham, as alternate to Trustee Rehfeldt; Peter Swanson, as Trustee David Zimmerman; William Gappert, as Trustee Edward Carlisle; and James Byrne, as village treasurer, William F. Meyer. Dave Schimmel, representing Trustee Richard Bronwell, was absent from picture. —Staff Photo.

Northwest Heighters Activities

Sympathy

Sympathy is extended to Mr. and Mrs. William Andres upon the death of Mr. Andres' mother, Mrs. Ella Andres, who died March 26 after a slight stroke, when blindness struck her. Funeral services were held at St. Celastine's church, Chicago.

Neighborhood Doings

Mr. and Mrs. Merton Postle entertained Lt. and Mrs. Sidney Brown last week end. The Lieutenant and his wife will leave for Newport News, Va., following a transfer from Glenview Naval Air Base.

Moved

Upon retiring from business life, A. R. Campbell and his wife have recently moved from their home in Arlington Heights to take up residency in Florida.

Ill

Arthur Bates is now on the convalescent list after being operated March 2. Prior to his operation Mr. Bates spent three weeks in the hospital under observation.

Mrs. Gustof Dueball has been a patient at St. Joseph hospital, Elgin, for four days during the past week.

New Neighbors

The newest addition to N. Kaspar st. is the family of Mr. and Mrs. R. Martin, who have just moved into their new home at 908 N. Kaspar. Their two boys, Donnie, 6, and Ronnie, who will celebrate his fourteenth birthday Saturday, have already started school and are fast becoming acclimated to their new surroundings. Mr. Martin is manaager of the Jewel Food Store in Arlington Heights and although his work is cut out for him — finishing off his new home—he does enjoy tinkering with cars. Mrs. Martin enjoys sewing as an extra-curricular, but very necessary, hobby.

Happy Birthday

Cynthia Postle celebrated her birthday Sunday at a family dinner held at the home of her grandparents, Mr. and Mrs. George Young of Glencoe.

Hold Good Friday Cantata At Presbyterian Church

EARLE AUGE

The 35 voice choir of the First Presbyterian church of Arlington Heights will sing "The Seven Last Words of Christ" by Dubois in a special service at the church Good Friday, April 16, at 8 p.m.

The cantata, under the direction of Earle Auge, will feature Miss Barbara Aamodt, Gerald Harris and William Kennedy as soloists, with Mrs. Auge at the organ. All three soloists are students in the school of music at Northwestern university.

Mr. Auge, who is a graduate of the school of music at Northwestern, came to the Arlington Heights Presbyterian church last June. He and his wife had previously served for three years as choir director and organist at the Edison Park Methodist church. At present he is supervisor of vocal music in a public school at Skokie.

The Good Friday presentation of "The Seven Last Words of Christ" will serve as a musical climax to other special Lenten services at the Presbyterian church. Members and friends of the church, as well as of other churches in the community, are invited to attend.

Boy Scout Troop 66

An overnight camping trip was held for Boy Scout troop 66 of St. James Catholic school, Arlington Heights, the week end of April 3.

When the troop arrived at Camp Baden Powell at 10 a.m. they arranged the campsite and then had lunch.

The afternoon activities consisted of tracking and compass courses. Outdoor games completed the afternoon.

The boys then prepared their dinner by patrols. Dinner was served at 6 p.m. and a campfire was held at 7:30 p.m. Sunday morning after marching practice in the nearby field, the troop attended 8:30 a.m. mass at Maryville. Following breakfast, the campsite was cleaned.

Outdoor games were played until lunch, and then the boys thoroughly cleaned the camp, before leaving for home.

Stock Broker Moves To Arlington Heights

Charles Sayre, securities and commodities broker with the firm of Thomson & McKinnon of Chicago, has moved to 925 N. Patton ave., in Arlington Heights.

Mr. Sayre says that while his main activity has to do with "regular way" buying and selling of securities and commodities, he is also actively engageed in the promotion of several new ideas in investing.

One is the New York Stock Exchange Plan whereby stocks of corporations listed on the Exchange can be purchased on a budget plan for as little as $40 monthly or quarterly.

Another fascinating financial movement is the formation of investment clubs. These are groups of from 10 to 20 persons who pay $10 or more each per month for the purchase of common stocks. The clubs have four main objectives:

1. To educate the club members in the fundamental principles and techniques of sound investment practices
2. Enable members to invest surplus funds mutually.
3. Follow the growth theory of investing.
4. Invest regularly and take advantage of compound income.

Illustrated educational talks on investing and investment planning will be given by Mr. Sayre to clubs and interested organizations in the area.

Missionary League To Meet April 9

The Lutheran Women's Missionary league will meet for its quarterly session April 9 at St. Peter's Lutheran church parish activity building, Arlington Heights. This meeting will follow that of the Mothers' club at 8 p.m.

In the Shadow of + + + The Steeple

by William O. McGill

"I Love a Parade," runs a still-popular song. Everybody loves a parade. Whether it be a statesman riding down Fifth Avenue in a shower of confetti—whether it be a Shrine convention with camels, colorful costumes, and impractical jokes—or whether it be the local Scouts, sometimes out of step, possibly with only a drum and a bugle. We like parades.

This may well be one of the reasons why the throng flocked to shout and sing as Jesus of Nazareth entered the metropolis of Jerusalem, "long ago and far away." It wasn't much of a parade to see, but anyone could get in the act.

* * *

IT MAY EVEN yet be one of the reasons why the churches which have been built in the name of Jesus are popular gathering places on the days which are especially selected to honor Him, Christmas, Palm Sunday, Easter.

There is a tendency on occasion to mock those who are attracted to a parade. Faithful Christians intimate that these "parade-conscious" Christians may not be possessed of motives that are wholly pure.

Maybe their motives are not pure — whose are? If the church of the Lord Jesus Christ is in the business of working to make hearts pure, it has to take these hearts when and where it finds them.

* * *

THERE WERE pious ones who objected to the parade aspect of the first Palm Sunday. They said to Him, "Why don't you tell these hoodlums, these delinquents, to keep quiet? They are disturbing the peace."

And He answered them, "If my friends did not sing, the stones in the road would shout,"

So you join the parade. But keep a silent prayer in your heart that there will be those who see beyond the new hats, the joyous songs, the ornamentation in an austere sense even of Good Friday, to the eternal message which He speaks to men. If one person finds Him as a result of your prayers, He will be well-pleased.

PEO To Hold Convention In Chicago

Final plans for the fifty second annual convention of the Illinois State Chapter of the PEO Sisterhood are occupying the time of many women from the Arlington Heights-Palatine area. The convention will be held April 22, 23 and 24 at the Edgewater Beach hotel, Chicago.

Among members of local chapters working on the arrangements are Mrs. H. J. Gregg, 523 S. Belmont, Mrs. Richard H. Morrow, 622 Mayfair, Mrs. Robert Y. Paddock, 849 S. Vail ave., and Mrs. J. H. Faner, 640 S. Beverly, all of Arlington Heights. Mrs. Donald Cox of Arlington Heights is general chairman of the convention.

PEO was founded 85 yars ago on the campus of Iowa Wesleyan university, Mount Pleasant, Iowa, by seven college girls. Although started as a college sorority, PEO soon became a society of women selected from towns and cities rather than college campuses. The membership has grown to more than a hundred thousand with chapters throughout the United States, Canada, Hawaii, Alaska and Japan.

The PEO Sisterhood is philanthropic and educational in character and purpose. Its educational work consists chiefly in Cottey college and the educational loan fund maintained by the group.

* * *

COTTEY COLLEGE at Nevada, Mo., offers a two year liberal arts course with complete accreditization at all leading colleges and universities. It is not only unique in that it is the only college completely owned by a woman's organization, but also in its "Suite plan" of housing for students. The campus and its buildings represent an investment of more than $3,000,000.

The educational loan fund from which a girl may borrow at a very low rate of interest to complete her college education or take advanced training and degrees was founded in 1909 with $1,000.

Receives PTA District 21 Scholarship

Miss Joyce Ann Wachter, 605 Oakton st., Evanston, was selected as the 1954 winner of the Golden Jubilee scholarship in district 21 of the Illinois Congress of Parents and Teachers.

Miss Wachter will graduate from Evanston high school in June. Local schools in this area are members of district 21 and contribute to the scholarship fund through their PTA units.

The scholarship of $250 per year is awarded to a high school graduate in each of the 32 districts of the Illinois Congress of Parents and Teachers, with the privilege of renewal by the same student for the next three years, making a total of $1000 per student.

Two alternates also were selected by the committee in the event Miss Wachter does not use the scholarship. They are Miss Mary Smith, 1102 Elmwood ave., Evanston, and Lawrence Hapke, 324 W. Slade st., Palatine. Miss Wachter plans to be a teacher in the elementary schools.

District Women's Clubs To Hold Annual Meeting

The annual all day meeting of the seventh district Illinois Federation of Women's clubs will be held at the First Methodist church of Irving Park, 3801 N. Keeler ave., Chicago, April 21, starting at 10 a.m.

Hostess clubs are Kelvyn Park Women's club and the Woman's club of Palatine.

The morning session will include a business meeting; annual reports of the district officers and retiring club presidents; introduction by Mrs. Eugene J. Kuntzman, district president, of quest of the day, Mrs. Don E. Williams of Moline, former Illinois Federation of Women's Club officer and now candidate for the office of Illinois state president. The morning speaker, Thomas Segundo, has selected as his topic: "The American Indian—Now."

Before recessing for lunch at noon, Mrs. Louis A. Imber, chairman of the nominating committee, will submit the slate of officers recommended by the nominating comittee, for second vice president, corresponding secretary and treasurer. Nominations can be made from the floor at this time. Voting will be done during the noon hour.

Junior club presidents and retiring district departmental chairmen will give their annual reports. Awards in the following departments will be given by the district chairman: art, literature American citizenship and press books.

The all day meeting will conclude with the installation of officers elected, by Mrs. G. F Gschwindt, 116 S. Plum Grove, Palatine, former seventh district president, the installing officer.

BEN FRANKLIN
9 W. Campbell Arlington Heights

Dennis Malcolmson Appointed Principal Of Ridge School

DENNIS MALCOLMSON

Dennis Malcolmson has been selected by the board of education of District No. 25, to serve as principal of the Arlington Heights Ridge school, beginning in September 1954.

Malcolmson has his bachelor's degree from the University of Illinois and his master's degree from Northwestern university. He and his family reside in Arlington Heights where he participates in numerous community activities. He was a teacher in the Arlington Heights public school from 1950 to 1953 and for the past year he has served as principal of the Elk Grove school.

With the addition which is now under construction, the Ridge school will be a thirteen room building and will house all children from kindergarten through fifth grade in that section of the district. During the current year, Robert Campbell, principal of the Dryden school, has also served the six room Ridge building as principal. Campbell will continue as principal of the Dryden school.

Notice

Take notice that an application for retail liquor dealer's license outside incorporated village or town in Cook County has been made by the following:

Charlotte Pals, "Charlotte's Place," Northwest Highway & Dundee Rd., Palatine Twsp., Palatine, Ill.

Objections to the granting of such license may be made to the President of the Board of Commissioners of Cook County, as Local Liquor Control Commissioner, in writing and signed by the objector within five days, stating specifically the grounds of objections.

WILLIAM N. ERICKSON,
Cook County Liquor Control Commissioner.

Attend Scout Session At Edgewater Beach

A delegation of 30 scouters from Northwest Suburban council, with headquarters at Park Ridge attended the annual meeting of region seven, Boy Scouts of America, Saturday, April 3, at the Edgewater Beach hotel in Chicago, where they heard Dr. Arthur A. Schuck, chief scout executive, and other prominent scouting officials address nearly one thousand volunteer adult leaders from four states.

Council president Mark S. Creviston of Arlington Heights and scout executive Stanley H. Huntington participated in the presidents' and executives' conferences held Friday, preceding the annual meeting.

In his annual report on scouting in region seven, one of twelve in the nation, regional executive Paul H. Love, Chicago, announced the total membership of Cub Scouts, Boy Scouts Explorers, and leaders in region seven was almost half a million. He emphasized the need for additional scouting units to accommodate thousands of new boys becoming eligible each year because of the recently increasing birth rate. Particular emphasis will be placed on Exploring, the program for 14, 15 and 16 year old boys, during the coming year, according to Scout officials.

Tax Collections Start Slowly

The opening of the township tax offices last week was not accompanied by any great rush. The increased tax rate in most townships seemed to slow up the taxpayers as they took time to get their breath after the first shock of the bills.

Many inquiries were received by the collectors as to the reason for the big increase in tax bills and in almost every case the answer was the same—a larger school rate to take care of the fast growing school needs in the area.

Now that people have their wind after the first shock of those tax bills, the collectors are looking for a brisk increase in business in the days ahead.

Taxpayers are urged to make their payments as early as possible and if they have failed to receive a bill for any reason or have received a wrong one, they should contact their local collector at once for help in getting the matter straightened out.

During the past year, the county clerk's office has been required to make name or address changes on 300,000 items, and with this volume of business, some errors are bound to occur.

Thirty thousand requests for changes had to be held up because the people making the request were not clear enough in their printing of name or address to make them clear enough to be used. In these cases, the bills went to the former owners on record and will have to be straightened out during this collection, all of which throws an additional burden on the county and township collector's offices.

All tax offices in this area are now open for business and the collectors and their staffs are ready to serve the taxpayers in any way possible. See them early, don't wait for the last minute rush at the deadline.

Penalty date on the first installment of real estate and all personal property bills is May 1.

Committee Of One Hundred Endorses Kibbie, Kimbrough

At its weekly meeting at the home of Max Mayrer, on N. Belmont, the executive committee of the Committee of One Hundred endorsed the candidacies of Hugh C. Kibbie, and Richard Kimbrough, for the High School Board, and urged all voters to support these candidates.

In a formal statement, issued by Lester McAuliffe, secretary of the Committee said—"These men are eminently qualified to carry on the policies which have been established by the Committee of One Hundred and to seek the solution of the high school expansion program which we all agree is in order.

"It should be understood that we are not opposed to school expansion. All we want is that the expansion program must be in keeping with our Township resources. We have no sympathy with a program which ignores the taxable resources of the community. We are in favor of adequate faciilties, but we believe that the possibilities of expansion of the present property of the high school must be explored before there is any plan for a new high school elsewhere.

"Nor do we object to the establishment of a school in Mount Prospect. All we want is a worthwhile examination of every worthy program of expansion on the present site of the high school before other costly undertakings are launched.

"We are grateful for the space which has been given to us by the Arlington Heights Herald in the exposition of our views. We are doubly grateful for the support which more than two-thirds of the voting strength of the two Townships has given us, and we urge these voters to rally 'round once more to see that two able candidates — Hugh C. Kibbie and Richard Kimbrough are elected. It is only by the selection of these men that we can get a true expression of community opinion in the handling of our school affairs.

South Side Scout Scrap Paper Drive This Saturday

The Boy Scouts of Arlington Heights are hoping for a spring-like day on Saturday, April 10, so that the residents south of Northwest hwy. will be in the mood for housecleaning. The Scouts want all the old papers and magazines now in basements, attics or garages. They should be placed on curbs by 9:30 Saturday morning. This is a timely opportunity to tidy up homes and also remove a fire hazard.

Only cost is the effort to tie papers and magazines in bundles and carry them to the curb. In cases of illness or where large quantities are involved, special Scout help can be arranged by calling Clearbrook 3-4224.

The Scouts appreciate the action of many householders who have been bringing their own papers to the loading station at the South school.

It should be done Saturday before noon as no papers should be left on the school grounds after the trucks have left.

Sewing Susies

Sewing Susies 4-H club of Arlington Heights met last week at St. Peter Lutheran school. The group will hold its next meeting April 13 at 4 p.m.

Mrs. Coglan of the Public Service Company spoke on the types of lighting in the home. She also demonstrated different types of bulbs and lamps. The group discussed the electrical activities sponsored by Public Service.

Mothers of members were invited to this meeting.

Nancy Mees gave a talk on clothing, and refreshments were served by Audrey Gronert and Lynn Rosewald.

Girl Scout News

Arlington Heights Girl Scout troop 16 held an overnight at Camp Pine Friday night. The girls cooked steaks for supper and flapjacks for breakfast. At the meeting Monday Dr. A. J. Prasnikar of the Arlington Heights animal hospital talked to the girls on the care and feeding of cats and dogs. Sgt. Johnson of the police force also talked about the municipal ordinances concerning animals.

Presbyterians To Receive 30 Into Church Sunday

During the past 22 weeks, 30 junior high youngsters have attended the communicant's class of the Presbyterian church, Arlington Heights.

The class, which was preparation for church membership, had for its study manual "An Outline of the Christian Faith," a preparation of the General Assembly of the Presbyterian Church in the U.S.A. The course of study was a comprehensive survey of Christian doctrine with special reference to the scriptural foundations for the basic Protestant beliefs.

The testing of the class was accomplished March 30 with a written examination and April 4 by an examination and approval for church membership by the session. The culmination of the year's work comes Palm Sunday at 11 a.m. when the class will be publicly recognized at the regular worship service.

Those having successfully completed the course of study and being received into full church membership are: Dianne Alexander, Norma Beisler, David Brooke, Raymond Burfeind, Spencer Ewing, Carol Fellingham, William Ferry Jr., Judy Fitz-Patrick, Linda Hackbarth, Carol Hall, Maeve Hopp, James Hughes Alan Hutchinson, Karen Johnson, Kent Kurtz, Judy Lips, Jodee Lohr, Susan McCoy, Judy Panek, Janet Pearson, Laurie Riley, Bruce Robb, James Peery, Alvin Popp, Gail Smith, Larry Smith, Tom Taylor, Sarajane Terbell, Marilyn Tracy and Mary Jo Utt.

Antique Show, Sale Becomes Annual Project

Several hundred visitors attended the first Antique Show and Sale in Mount Prospect given by the Presbyterian Women's organization March 30 and 31 at Mount Prospect Country club.

Since the Antique Show and Sale was declared a success, not only by the PWO but by the dealers showing, Mrs. Harold Bradshaw, president of the organization, has announced that the Antique Show and Sale will become an annual project for her association.

Mrs. Russell Brown, chairman of the show, officially accepted many reservations from dealers desiring to be included in this annual event. Mrs. Brown is being requested by the president of the PWO to accept the chairmanship for the Antique Show and Sale again next year.

He wears his collar backwards *Why?*

As a soldier or cop wears his uniform, the Episcopal clergyman wears clerical dress, a reverse collar included, as his uniform.

But, he doesn't have to.

In fact, he doesn't think of it as something he must do.

The weekday clerical dress and the vestments worn during church services are entirely custom. But they're also important symbols — of the submergence of the individual to the office he fills . . . and of his service to the people.

"I like the democratic feel of vestments," explained our rector. "Dressed alike in the uniform of the church, the humblest graduate, fresh from seminary, and the rector of an important parish are equal in their dress despite a difference in relative positions."

And that, by the way, is one of the things Episcopalians are humbly proud of — that their church is a democratic institution. It grew out of the Church of England in 1789 and was headed by many of the same men who founded our U.S. democracy. It traces its ancestry back in an unbroken line to the Apostles and is organically part of the Original Church which our Lord founded.

We enjoy our religion. We're a friendly church.

We invite you to join with us in the worship of God in His Church.

A School Board Vote for

FONTAINE and DOUGAN

is a vote for

EXPERIENCED ADMINISTRATION
and
INDEPENDENT ACTION

Having served for eight years on the High School Board of Education, District 214, I know first-hand the problems of the job, and the experience required to solve them. Together, Mrs. Fontaine and Mr. Dougan have served a total of 11 years on School Boards in the District, and are qualified to provide our children with the best in education — free from any obligation to individuals or group.

Suburban Towns Need Van der Vries In Springfield

In a year when voters have become increasingly depressed by the delinquency of some public officials, the candidacy of Mrs. Bernice T. Van der Vries, 439 Maple Street, Winnetka, for re-election as State Representative from the Seventh Senatorial (Cook County suburban) district has been welcomed in the widespread district she has represented in the Illinois General Assembly for twenty years.

In a state where Senatorial districts are mis-apportioned Mrs. Van der Vries represents some 800,000.

Representing nearly 16 times the population of some districts, and with only equal voting power against the West side bloc, Mrs. Van der Vries has become nationally noted for her forthright challenge to undermining forces in the state government.

Strongly Recommended

Mrs. Van der Vries is seeking re-election to another term in the General Assembly on a record of ten completed terms during which she has served with distinction. The Seventh State Senatorial district includes 104 suburban municipalities in 24 townships of Cook County, and parts of the 13th, 19th, 38th, and 41st wards of Chicago. It is one of the largest districts served by any state legislator of any state in the country.

In addition to her legislative activities, Mrs. Van der Vries is a member of the board of trustees of Hull House; and a member of the board of directors of the Illinois Society for Mental Health, Director, North Shore Mental Health Assn., Member Board of Governors, American National Red Cross.

Fulle Receives Many Endorsements For Member Cook Co. Board

Many endorsements of candidacy for the county board have been received by Fred Fulle, Des Plaines publisher. They have come from all parts of the county. He was originally sought out by the GOP slate committee to fill the vacancy created by the retirement of William Busse. He was not even asked to appear before the slate committee.

These endorsements have come from Oak Park, River Forest, Cicero, New Trier, and Evanston as well as from the southern part of Cook county. He has also been given endorsement by non-political groups.

Fulle is past president, director and secretary of many civic organizations including the Lions, the Elks, and also a member of several Masonic organizations.

In addition to being publisher of three newspapers, he is a director of Des Plaines Savings and Loan Association; vice-president of Des Plaines Christ Evangelical and Reformed church. He has served the Republican party many years as a township committeeman and as secretary of the Cook County Towns Republican Committeeman's association.

Mr. Fulle was born on a farm, attended the Maine Township high school and after starting in the newspaper trade as an employee of the Des Plaines Suburban Times, purchased that publication 30 years ago.

He married the former Bernice Rasch of Chicago in 1915 and has three children, Mrs. Herman Herzog, Floyd Fulle, Arlington Hts., who is editor of the Suburban Times and Cleon Fulle, who resides with her parents at 250 Stratford rd., Des Plaines.

March Building Totals

The building boom is still on in Arlington Heights with March building permits totaling $772,260. Included were 37 single family homes, at a total cost of $655,500.

Other permits issued included: 16 alterations and additions to housekeeping dwellings, $39,230; one addition to commercial building, $12,000; 10 private garages, $9,730; 1 gas station, $18,000; and 2 stores, $37,800.

Appraisers Fix $500 An Acre For Preserve Condemnation

Cook County Forest Preserve is negotiating for the purchase of an additional 384 acres to the Elk Grove forest preserve, which is now known as the William Busse Woods. A temporary lease of 20 acres has been given the government for a reported purpose of storage of ammunition. Outright purchases have been completed for two farms, others are under negotiation.

"All land purchased by the Forest Preserve in the last 26 years," states Capt. Sauer, is appraised by a committee of the Chicago Real Estate board. In the above appraisals, the land value was placed at about $500 an acre. In all cases, the final negotiations were under that figure.

The Heimsoth farm of 77 acres has been acquired for a total price of $61,000. Appraisal was $64,750. It is improved with an 8 room frame house and eleven out buildings. Land value was placed at approximately $26,000 which is a little under $500 an acre.

Agreement was reached on the Geib property of 158 acres for $116,000. It was appraised at $118,000.

The Cosman tract of 25 acres may go to condemnation unless an agreement can soon be reached.

Condemnation proceedings have been instituted against Gus Hoeske for his farm of 121 acres.

Similar action may be taken on the Cosman tract of 28 acres unless an agreement can be reached.

Corinne Martin Weds Robert Franciskovich

Miss Corinne Ruth Martin, daughter of Mrs. Frances C. Martin, 7 W. Campbell st., Arlington Heights, and Robert John Franciskovich, son of Mr. and Mrs. Marion Franciskovich, 1601 S. State rd., Arlington Heights, were united in marriage March 27 at a noon ceremony.

Rev. Harold O'Hara officiated at the service held at Our Lady of the Wayside Catholic church.

The bride's gown was fashioned with a bodice of white chantilly lace featuring an illusion sweetheart neckline and a bouffant skirt of nylon net over white satin. A border of chantilly lace trimmed the bottom of the gown. Her fingertip veil was held in place by a headpiece of rhinestones and seed pearls. She carried a bouquet of white carnations and lilies of the valley with a white orchid center. The bride was given in marriage by her uncle, Fred Zuhn.

Mrs. Dolores Baker, sister of the bride, was the matron of honor. She wore a yellow gown of nylon net over taffeta fashioned with a stole. Her matching crown headpiece had a brief veil, and she carried a bouquet of white and yellow carnations bordered with white hyacinths.

(Community Camera

Miss Marlene Martin, sister of the bride, and Mrs. Lorraine Stefanik, sister of the groom, were the bridesmaids. Miss Martin wore an orchid gown similar to that of the matron of honor and carried a bouquet of white and orchid carnations bordered with white hyacinths. Mrs. Stefanik wore an aqua gown and carried aqua and white carnations.

Steve Stefanik, brother-in-law of the groom, was best man. Boris Traikoff and Mark Franciskovich, brother of the groom, were the ushers.

Dinner was served immediately after the ceremony for members of the bridal party and the immediate family. A reception was held at 7 o'clock at Mount Prospect Country club, where 300 guests were served a buffet luncheon.

The couple honeymooned in Florida and arrived home April 4. They will temporarily make their home in Arlington Heights.

Favorites for Flavor

By LOIS SEILER

Cherry pie connoisseurs will delight in the recipe we are featuring today for a tempting Cherry Torte.

Mrs. James E. Murrin, 354 S. Newbury, Arlington Heights, is sharing this old family recipe with us, which she received from her mother. A favorite dessert of hers, it is excellent to serve in the late evening when entertaining guests.

The torte is nourishing as well as delicious, for the crust is a crumb mixture composed of Wheaties and oatmeal as well as flour, brown sugar, margarine and other ingredients. And the filling is a tasty combination of cherries, crushed pineapple, tapioca and sugar. Chopped nutmeats can also be added if desired.

Topped with whipped cream, this torte is rich, but has a tangy flavor. Another attribute is that it can be made a day in advance.

The Murrins have two children, Rebecca, 3, and Kathleen, 1½. Mrs. Murrin is a member of the study group, the bridge group and the Woman's club of Our Lady of the Wayside Catholic church.

Cherry Torte

1 No. 2 can pie cherries
1 No. 2 can crushed pineapple
1/3 cup Minute Tapioca
1½ cups sugar
½ cup chopped nutmeats (optional)

Drain the juice from the fruit and add the tapioca and sugar. Cook until clear. Remove from the heat and add fruit. Add chopped nuts, if desired.

Crumb Mixture:

2 cups sifted flour
1 cup soft margarine
1 cup Wheaties
1 cup quick oatmeal
1 cup brown sugar
1 teaspoon soda
½ teaspoon salt
1 teaspoon vanilla

Mix ingredients together and place half of crumb mixture in greased pan, 13 by 7½ by 1½ inches, and pat down. Add fruit mixture. Cover with remaining crumbs.

Bake 30 minutes in 350 degree oven. Serve with whipped cream. Serves about 15.

Alice Simroe Is Bride Of Richard Bernthal

Miss Alice Elizabeth Simroe, daughter of Mr. and Mrs. Theodore W. Simroe, 600 E. Euclid ave., Arlington Heights, became the bride of Richard Lee Bernthal, son of Mr. and Mrs. Victor O. Bernthal, 1610 Brown st., Arlington Heights, in wedding rites March 20 at The First Presbyterian church.

Rev. C. Victor Brown officiated at the 3 o'clock ceremony.

The bride, given in marriage by her father, wore an ice-white, long sleeved basque chantilly lace gown with a full train. Her fingertip veil was held in place by a seed pearl cap. She carried a cascade bouquet of amazon lilies, stephanotis and ivy.

Miss Marjorie Bierwirth of Mount Prospect was maid of honor. Miss Joan Bernthal, sister of the groom, Miss Nancy Dallia, and Miss Carol Bott were the bridesmaids. All wore spring green full length gowns and carried cascade fan bouquets of yellow daisies, heather and ivy. The flower girl was Susan Van of Waukegan, cousin of the groom. Her dress resembled the bridesmaids and she carried a basket of daisies, heather and ivy.

Jerry Lewis of Decatur was best man. Theodore W. Simroe Jr., brother of the bride, and Kenneth Koeritz were the ushers.

A reception was held in the church parlors following the ceremony.

Since their return from their wedding trip, Mr. and Mrs. Bernthal are residing at 109 Orchard st., Itasca. (Bak studio

Jayne Schroeder And Clarence Hagenow Wed

—Bak Studio.

In a double ring ring, candlelight ceremony March 27, Miss Jayne Schroeder, daughter of Mr. and Mrs. Henry Schroeder, 24 N. Benton st., Palatine, became the bride of Clarence Hagenow, son of Mr. and Mrs. Ernest Hagenow Sr., Rand rd., Palatine.

Rev. Hilmar Th. Rosenberg officiated at the ceremony held at Immanuel Lutheran church at 7:30 p. m. The bride's brother, Donald, delivered the sermon.

Walter Rueger sang "O Perfect Love" and "The Lord's Prayer" accompanied by Paul E. Leimer at the organ. Vases and baskets of white gladioli, carnations, snapdragons and palms formed the floral setting for the wedding, and bouquets of white carnations marked each pew.

The bride wore a traditional gown of lace over white satin fashioned with long tapered sleeves and a fitted bodice. The scalloped neckline was trimmed with seed pearls, and the lace panelled skirt swept into a chapel length train. Her fingertip veil was held in place by a small hat trimmed with lace and seed pearls, and she carried a bouquet of stephanotis with a white orchid center.

Mrs. Bernice Martens, sister of the bride, was the matron of honor. She wore a mauve antique silk taffeta gown with a matching lace bodice and Queen Ann collar. She carried a cascade bouquet of sea-green carnations.

Miss Elverna Hagenow, sister of the groom, and Miss Irene Clausing were the bridesmaids. Their sea-green gowns were identical to that of the matron of honor. They carried cascade bouquets of mauve carnations.

Mary Ann Garre, niece of the groom, was the flower girl. She wore a mauve gown fashioned identical to that worn by the matron of honor, and she carried a basket of sea-green and mauve carnations. Michael Martens, nephew of the bride, was the ringbearer.

For her daughter's wedding Mrs. Schroeder wore a navy blue dress. The groom's mother also wore navy, and both mothers had corsages of pink and white carnations.

LaVern Martens, brother-in-law of the bride, was best man. Wayne Schroeder, brother of the bride, and Donald Hapke, cousin of the groom, were the ushers.

A reception for 250 guests was held at the Bensenville Fire House, where a buffet supper was served later in the evening.

The couple honeymooned in northern Wisconsin, Minnesota and Iowa. The groom is now stationed at Fort Bliss, Texas, and the bride is making her home with her parents.

Words & Music

by JOHN SCHAFF

The first music festival held by the West Suburban League of high schools was held in the new gym of the Arlington Heights high school on Monday night, April 5. The accommodations proved none too large as tnere were in excess of 900 participating high school musicians and a very large and appreciative audience that filled the one side of the bleachers and the main floor and to the very last row in the second balcony.

The participating students had been selected for the festival participation by the instructors of music in their respective high schools and could be called "the cream of the crop." They were conducted in their respective divisions by Dr. Glenn Clif Bainum, director emeritus of bands at Northwestern university; by Marvin Genuchi, famous as director of the Bluejackets Choir of Great Lakes Naval Training Station, and by Paul Painter, director of orchestras of the University of Illinois.

It was an outstanding privilege for these young musicians to work under such distinguished conductors for their three hour rehearsals on Sunday and Monday afternoons and again in the festival performance Monday evening. Especial tribute was paid to the caliber of high school musicianship and the thoroughness of teaching by the high school instructors in many remarks made during the progress of the festival by all three conductors. Dr. Bainum was quite sincere in saying that he never had conducted a high school festival in its first performance which had such capable musicianship and careful preparation.

The orchestra of 160 players opened the program with the Toccata and Fugue of Frescobaldi and gave this great work a reading that would have been a credit to any civic symphony orchestra. The bite of the strings was pronounced from the violin sections throughout the orchestra to the twelve players in the double bass section, and was ably supported by full double choirs of woodwinds and horns. Perhaps the crescendo of ensemble playing was reached in Godard's "Adagio Pathetique," and the greatest brilliance in parts of Dvorak's "Slavonic Dance." Certainly most of the students would agree with the violinist, who is a junior at York, in her comments that "This has been one of the greatest experiences of my life and I hope I can participate again next year. It takes hard work in our school to be able to compete with my fellow-classmates in order to be selected for such an honor."

Similar sentiments were expressed by the six hundred members of the festival chours who developed an intense admiration for Mr. Genuchi. Opening their group with Mozart's "Gloria in Excelsis Deo," combined with the festival orchestra, we heard this part of the great Mass as Mozart intended it to be sung. Certainly it was not anemic in character and the rafters rang with the enthusiasm of the singers for this festival choral work.

Then followed a group of three a cappella selections, each distinctive in its own right. Appropriate to Lent was the great chorale of Will James "Jesus, Our Lord, We Adore Thee," followed by the eight-part chorale of Tschenokoff, "Let Thy Blessed Spirit," which ends with the two great Allelulias supported over a good solid low bass section on a low D. The chorus ended this great performance by demonstrating their ability in the rhythmic Negro spiritual of Dawson "Soon Ah Will Be Done." Diction was way above average for a large festival choir, intonation was perfect, the expression was dynamic, and the attention to the conductor was one hundred per cent.

The festival band then took the third part of the program and for many in the audience provided one of the thrilling moments of the evening in their opening Concert March, which uses three choirs of cornet, trumpet and trombone. The trio was most moving with the section of sixty woodwinds playing in the low register with exact intonation. Their outstanding playing was evident in the sections of the Marche Slave from Tschaikowsky, which brought forth the exceptional reed and brass players and the full-throated timbre of the band.

Space will not permit a complete critical review of this outstanding program but it is certain that while the audience received many great thrills at the performance of the young people, the greatest thrill came to the participants themselves who will count it as a day never to be forgotten.

Working Girls Plan Kentucky Derby Week End

Mrs. Ruth Goebbert, 29 S. Mitchell ave., Arlington Heights, has been named local chairman for the Kentucky Derby glamour week-end April 30 to May 3, sponsored by Sigma Alpha Sigma, the national working girls sorority.

About 400 members and their friends will board the "Filly Special" April 30 and will return in time for work Monday morning.

The girls will arrive in Louisville Saturday morning where busses will meet them at the station to drive them to the race track. After the races they will go to Cincinnati to spend the night at the Hotel Sinton. Sunday, guided by representatives of the Lexington Chamber of Commerce, they will make an all day tour of the Blue Grass country and visit some of Kentucky's most famous thoroughbred breeding farms.

Entire cost of the Kentucky Derby glamour week-end is $56. This includes fare, meals, hotel room, tips—everything but the bets.

Local women who are interested in joining the working girls on the trip are invited to get in touch with the local chairman

The name of the owner of the above 1954 Coupe de Ville Cadillac, which has been seen around town recently, will be announced April 25 at Chevy Chase Country club, Milwaukee ave.

The building fund committee of Our Lady of the Wayside parish, Arlington Heights, is sponsoring a dance and card party on that date, and the entire proceeds go toward the furnishing and completion of the new parochial school on the south side. The building is almost finished and will be ready to receive several hundred children at the beginning of the September school year.

Arrangements for the April 25 affair are going forward under the direction of Theodore A. Koenig and Mrs. Bernard S. Cahill, co-chairmen. A very nominal price has been set for tickets—$1.50—and they are available either Sunday mornings at the church or will be delivered to anyone telephoning Clearbrook 3-6465 or Clearbrook 3-5741. Cards at 7 p. m., and music for dancing begins at 8 p. m., with Charles Swan on the bandstand.

Newly elected officers for 1954-55 of the Evening Guild of St. John's Episcopal church stand before their new church under construction at Main st. and Elmhurst rd. in Mount Prospect. Standing, left to right, are Mrs. Edwin L. Johnson, junior representative to FWA Board; Mrs. Robert R. Stark, treasurer; Mrs. William C. Wendling, vice president; Mrs. William B. Winkler, president; Mrs. Robert G. Erickson, recording secretary; Mrs. Fred G. Hudson Jr., corresponding secretary. Not shown are Mrs. A. Bernie Wood, assistant treasurer; Mrs. Thomas J. Merritt, senior representative to FWA Board. The first project of the new board will be the annual spring card party to be held May 13 at the high school cafeteria, Arlington Heights. (B4

Alumnae Clubs To Meet

Pi Beta Phi

Pi Beta Phi alumnae in the northwest suburban area will meet April 14 at 8 p. m. at the home of Mrs. L. P. Swanson, 528 Bristol lane, Arlington Heights.

The group will observe Founders' day with their traditional "Cookie Shine." Mrs. Willis Hubbard will be co-hostess.

Invitations have been sent to all alumnae in the northwest suburban area and a special program has been planned. Miss Joann Friske is in charge of the program and will be assisted by Mrs. Carl Gingler.

Alpha Omicron Pi

The Northwest Suburban Alumnae Club of Alpha Omicron Pi will meet at the home of Mrs. Joseph Poole, 222 Ardmore rd., Des Plaines, April 12 at 8 p. m.

Mrs. Clement Schmiege will be co-hostess.

All Alpha Omicron Pi alumnae in this area are invited. For further information call Clearbrook 3-2866.

Monticello College Club

Monticello College club of Chicago will hold its annual spring luncheon April 15 at 12:30 p.m. in the English room of Marshall Field and Co. Bi-annual election of officers will be held.

President Russell T. Sharpe will give some of the highlights of his first year in office. The principal speaker, Frank Martin Taylor, former British acting consul in St. Louis, Mo., now director of admissions for Monticello college, will speak on aspects of a girls' schol that amaze and amuse him. Mr. Taylor was formerly with the British Foreign Office in Germany, Iran, Stockholm, Sweden, and St. Louis, Mo. He resigned in August 1953 to become a permanent resident of the United States.

Tell Betrothal

Mr. and Mrs. Elmer Pelletier, 28 S. Mitchell, Arlington Heights, are announcing the engagement of their daughter, Viola, to Robert Kovacik, son of Mr. and Mrs. Steve Kovacik, 23 S. Vail ave., Arlington Heights.

No definite date has been set for the wedding.

Presenting the Younger Generation

Outdoor Girl

Being outodors playing on her swings and in her sand box, as well as riding her bicycle, are favorite activities of Jeanette Rivers, daughter of Mr. and Mrs. Alfred Rivers, 1536 N. Vail, Arlington Heights.

This young lass has light brown hair and blue eyes. She is 5½ years old and attends St. James Catholic church.

Jeanette also likes to play with her little cousin, Jean, who is two years old. Indoors she enjoys her dolls and likes to color and write letters to her aunt.

Her grandparents are Mr. and Mrs. B. A. Daniels and Mrs. A. Rivers, all of Chicago.

Mischievious Tot

An active toddler who is at the age where she gets into everything, and loves to climb, is 15-month-old Claudia Jeanne Zaloudek, daughter of Mr. and Mrs. George Zaloudek, 150 S. Walnut, Palatine.

Blonde-haired, blue-eyed Claudia has been walking since she was 10 months old, and is beginning to talk. She likes to dance and play on the piano, and enjoys building blocks and playing with her stuffed toys.

This youngster gets a lot of attention from her older sister and brother, Pamela, 12, and Donald, 9, who like to play with her.

Mr. and Mrs. Frank Proesel of Chicago are the children's grandparents.

Typical Boy

The sweet smile and bow tie and the little fellow pictured next belong to Scott Yourg, son of Mr. and Mrs. Benjamin Yourg Jr., 1002 N. Douglas, Arlington Heights.

Scott has blond hair and blue eyes and is 2½ years old. He likes to be outdoors and enjoys playing with his older brother, Benjie, who is 8.

His favorite toys are stuffed animals, and he likes to color, look at books, play the phonograph and watch TV.

Grandparents are Mr. and Mrs. Carl Ohlander of Chicago and Mr. and Mrs. Benjamin Yourg of Bemidji, Minn.

All Smiles

The bright smile on the little tot pictured next belongs to Richard John Ryan II, son of Mr. and Mrs. Richard Ryan, 29 S. Elm st., Palatine.

Ten-month-old Ricky has light brown hair and blue eyes. He is at the age where he walks around furniture, but he also enjoys being in his playpen.

This youngster likes to play with blocks, and he enjoys being outdoors and riding in his stroller. Ricky loves his pet beagle hound, named Sunny.

His grandparents are Mr. and Mrs. George Ryan of Maywood and Mrs. Virginia Merwin of Walworth, Wis.

The Brownies' mail bag this week contained two appreciation letters—one from the Sisters at Maryville thanking them for the scrap book they made and brought to Maryville, and the other from Richard Kozel, fire chief, thanking them for their "get-well" card.

Feehanville School

A special meeting of the Feehanville PTA will be held on April 9. Please try to attend, as there are many important things to discuss — chief of which is the coming Fun Fair to be held in May. "Fun Fair" is fairly named, as all who came last year enjoyed it, regardless of which side of the booth they were on.

The program for the evening will be the Brownie Fly-up ceremony. This is such a solemn occasion for a little girl — she leaves her comrades in the familiar brown, and joins an older group in the new green uniforms. She enters a new phase of scouting — more responsibilities, more privileges, and, of course, the all-important badge program.

We have good news on the Massachusetts Vision test machine, which was ordered some weeks ago. Mrs. C. W. Flink reports she has received a letter stating that the new, improved model will be sent to us in May. So many of our students missed out on the test, due to illness, so as soon as the new machine arrives, we hope to be able to finish up.

We want to urge all to attend the bake sale, held by the Prospect Heights PTA, on May 1 in Prospect Heights. The proceeds from this bake sale are to go toward defraying the expenses of the band when they go to Bloomington for the state contest. The school is paying for the bus, and Mr. Tinsley is donating his services, but there will be bills for meals and hotel to be met. Two of our boys, Franklyn Sullivan and Billy Phar, are in the band.

You probably remember the honors won by Kay Phar last year when she played in the band at Prospect Heights? She isn't forgetting her music now she is in high school. She is in the band at Maine, and just this past week she won a two-week scholarship to the Egyptian Music camp at Duquoin, Ill.! This scholarship is given by the Junior Woman's club from Des Plaines to those members of the orchestra and band who qualify for it. Kay will be in the music camp the two weeks from June 14-26, and will be taking "Music Appreciation" and "Band" from some of the finest teachers in the country. There will be several private lessons a week and concerts on Saturday nights. It will not be all work as they have canoeing, sports, and after the concerts on Saturdays, formal dances. Congratulations, Kay, and good luck!

Personals

Kay and Billy Phar just said "goodbye" to their aunt from Maryland, who left the other day after a four months visit. She was going to Cleveland to visit other relatives.

Sympathy to Sylvia Durso, one of our fifth graders, whose grandfather just passed away.

We have a couple of birthdays this past week — Ricky Kozel celebrates his ninth birthday on April 9, and George Biba celebrated his eighth birthday on the first. Nancy Kozel will be five years old on the eleventh.

Don't forget the elections this coming Saturday. At the Feehanville school there will be an election of a member of the board of Directors. Come out and vote for your candidate. And also this Saturday there will be an election for a trustee in the non-high school district. This one will be at the Community house in For-Forest River and will be only for the people residing in the non-high school district.

Arlington Pool In Commissioners' Report

Arlington Heights park district swimming pool gained some publicity with the release this week of William N. Erickson's annual report of the board of forest preserve commissioners. A picture of the pool was shown, stressing "safe swimming water must be as good or better than drinking water."

'Committee Of Parents' Endorses Fontaine, Dougan

A "grass-roots" organization of parents and citizens, pledged to work actively in support of good schools, has been formed in Wheeling and Elk Grove townships.

The group is known as the "Committee of Parents."

In its first major undertaking, the group has endorsed Mrs. Alma C. (Pat) Fontaine of Mount Prospect and Kenneth E. Dougan of Arlington Heights as "experienced, dedicated and independent" candidates for election to the Arlington Heights High School Board of Education.

"The Committee of Parents was born a few weeks ago at a meeting of a dozen or so persons from the high school district who saw the acute need for grass-roots support of our schools," the group's steering committee said in a statement this week.

"From that modest beginning, the organization has grown to more than 300 school-minded citizens and taxpayers of Arlington Heights, Mount Prospect, Wheeling, Prospect Heights, Elk Grove, Rolling Meadows and Prospect Meadows.' '

The steering committee said members of the Committee of Parents "subscribe to the philosophy that the end product of any school is your child."

"We are bound together by one common cause — good education for our children and our neighbors' children," the statement said.

"We propose to work with school authorities — our elected representatives on school boards and their hired administrators—to guarantee the facilities and personnel necessary to provide such an education.

"We recognize that there may be honest differences of opinion as to the best methods of achieving our purposes, and that there is a real need for a spirit of compromise and cooperation.

"But we intend to oppose vigorously attacks on our schools, our school administrators and our elected representatives.

"We welcome the support of all parents and citizens who believe as we do."

Bond Sales In Illinois Up 37%

Sales of Series E and H bonds in the month of February totaled $41,038,356 and exceeded sales for February 1953 by 37%. This accounted for 9.5% of the national total sales and in the first two months of the year 19.3% of the state's annual goal has been attained.

CHRISTIAN SCIENCE CHURCHES

How sickness and disability may be overcome by bringing thinking into accord with the truth of God and man through prayer will be the topic of Christian Science services Sunday.

"Are Sin, Disease, and Death Real?" is the subject of the Lesson-Sermon. Selections to be read from the Bible include the account (Matthew 9) of Christ Jesus' raising of Jairus' daughter from the dead, his restoring of sight to the two blind men, and his healing of the "dumb man possessed with a devil."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following passage will be read:

"Jesus strips all disguise from error, when his teachings are fully understood. By parable and argument he explains the impossibility of good producing evil; and he also scientifically demonstrates this great fact, proving by what are wrongly called miracles, that sin, sickness, and death are beliefs — illusive errors — which he could and did destroy" (343:14).

The Golden Text is from Jeremiah:

"Heal me, O Lord, and I shall be healed; save me, and I shall be saved: for thou art my praise" (17:14).

COTTON FOR SPRINGTIME

Spring is here. That means cottons.

Cotton is found in more garments than is generally supposed. Many "wool" garments contain varying percentages of cotton admixtures. And then corduroys, piques, moires, and gabardines, as well as many other types of fabrics are often all or part cotton.

While these fabrics do lend themselves to dry cleaning, they must at some time during the life of the garment be "wet cleaned". (Cleaned with enough moisture to remove the soil). Naturally, if the "combination" fabric is one which is liable to shrinkage or some other harmful effect as a result of moisture, the utmost precautions must be observed.

And then so many cotton garments are dyed — both as prints and solid colors — and a lot of care must be exercised not to loosen dyes during the cleaning process.

On launderable garments most women have sufficient experience not to have trouble. They know that it's always a good practice to test a printed or dyed fabric — whether cotton or something else — for color fastness by wetting a small piece of a seam and pressing it against white blotter or cloth. If the garment is not color fast, better let us do it for you.

But on the dry cleanable items, why not let us recommend to you when it should be "wet cleaned". The combination of frequent dry cleaning, with an occasional "wet cleaning" can keep it beautiful much longer.

Finally, it's spring time . . . it's cotton time . . . it's time to

It is costing the garage $335 to put a new motor in my car. The old one cracked because the mechanic failed to refill the radiator after claening it. Can the garage owner get insurance to protect him from such losses?

Leighton To Head Tennis Clinic For YMCA Program

Leighton to Head Tennis—Lud. Northwest Suburban Y.M.C.A. announces that Harry Leighton, one of the country's most capable and best known tennis instructors, will give leadership to its tennis clinic, which is to be conducted for both youngsters and adults.

Leighton, as pro at the River Forest Tennis club, has developed many outstanding tennis players in the area, and is quite anxious to see some of our youngsters who are served by the Northwest Suburban Y.M.C.A. blossom into accomplished tennis players.

* * *

ACCORDING TO Leighton, the tennis clinic will be held at Maine Township high school gymnasium on Wednesday, April 14, and Wednesday, April 21. This clinic is designed to help the advanced player improve, as well as to teach those persons interested in learning how the game should be played.

Two classes will be conducted at both sessions. Boys and girls, fourteen years of age and under, will participate in the class from 7 to 8 p.m., while the young adults and adults will attend the class that follows, from 8 to 9 p.m.

Persons interested in participating are encouraged to register in advance for only a limited number can be served. The clinic is open to all members at no additional cost. Other persons interested in participating in the program can get further information by contacting the Northwest Suburban Y.M.C.A. at 1488 Miner st., in Des Plaines, or by calling Vanderbilt 4-4156.

Jewish Women Work To Open Sunday School

The Jewish Women's club of Des Plaines met April 1 at the home of Mrs. Becky Westerfeld, 953 E. Villa dr., and welcomed three new members: Mrs. Marsha Walaitis, Mrs. Jo Schloss, and Miss Bertha Herz.

The principal business of the meeting concerned the Sunday school which the club hopes to establish for Jewish children in the Des Plaines, Mount Prospect and Arlington Heights area. Proceeds from all club socials will be channeled to this project so that it may possibly be realized by September.

It was announced that Mrs. Ann Frank will be hostess at the next social, a card party, scheduled for April 21.

Mrs. Lucille Sobb and Mrs. Fern Chapman were appointed party chairmen to arrange holiday festivities for the children. They are now planning for a Passover party.

Mrs. Arlene Holman and Mrs. Marsha Walaitis volunteered to be chairmen in charge of compiling the club's new monthly bulletin and dispatching it to members.

School News

Again this week three new pupils enrolled in the first grade of the Rolling Meadows school. All of the children are from George st. They are: Mary Elizabeth Van Wazer, Dennis Barfuss and Cheryl Schultz. The total number of children in the first grade is now 16. Tne fourth and fifth grades consist of 12 students. More are expected next week.

New Baby

Mr. and Mrs. G. Williams, 2602 Oriole ln., are the parents of their first child, Candace Lee, who was born March 21. The baby was delivered at Elmhurst hospital, weighing 6 lbs. 11-3/4 ozs.

Attention Young People

If any of the young people in Rolling Meadows are interested in starting a club for Rolling Meadows young adults please contact me at CLearbrook 3-4711. The Y.M.C.A. has been consulted and they will give us full backing if we can come up with a sound program.

Bridge Club

G. Farrell is hoping more will join the bridge club he is organizing. Please phone him at CLearbrook 3-7558.

Dwight Wachholz is coming along fine after his accident last week. The cast on his shoulder will have to stay on for another six weeks or so.

Hay Ride

An old fashioned hay ride could be a lot of fun if we could get a big enuogh crowd of married and single couples. Maybe we could interest the younger crowd in baby sitting cheap if we had enough married couples going. Why not give it some thought? Phone CLearbrook 3-4711 if interested.

Celebrates Birthday

Michael Doyle celebrated his ninth birthday Sunday by entertaining his friends at the show and serving refreshments at his home later. Those present were Donald and Michael Carey, Dick and Billie Cody, Sharon and Joy Duffy of Chicago, Joyce Janowitz of Kenosha, Wis., and Michael's brother and sisters.

The newly formed Girl Scout troop held its weekly meeting Wednesday evening. Mrs. Rosemary Finch, the co-leader, took charge. Charlotte Talo, hostess for the evening, served cake.

Vacationers

Mrs. Mabel Boyer of Oriole Lane, mother of Mrs. Doyle, has just returned from a three week vacation in Florida.

Mrs. Catherine Coughlan is spending a few weeks with her daughter, Mrs. Thomas Rambert, and family in Northbrook.

The tickets for the "Gay 90's" dance are out and will be distributed. It will be held at Fred's place and donations are still needed. Call Mrs. Lynn Nye or any member of the committee.

TV NEWS

By Don Hager

Color TV sets are being manufactured and are available in some areas . . . but the public isn't buying. Recent widely advertised dealer showings of color TV receivers in New York were attended by thousands of people . . . showing the degree of public interest . . . but from all this store "traffic" only **one** set was sold!

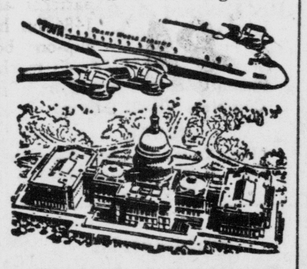

How come? The answers add up to some good reasons for buying a big-screen black-and-white set today. A spokesman for one set manufacturer sums up the reasons this way: 1.) the public won't buy a set costing $700 to $1200, even for color; 2.) they won't buy a set at these prices which gives them only a 12½-inch picture; 3.) they won't buy a color set when there are only two hours of color programming available per week in the best areas, and even less in many places; 4.) they won't buy a color set which requires a service contract costing $250 or more per year.

Add to this the possibility of color convertors being ready soon (one has already been patented) and you have a host of reasons why the smart buying public is investing in a big screen black-and-white set today, instead of waiting years for color receivers to come up in size . . . and down in price. It takes a really strong pair of rose-colored glasses to see color TV as "just around the corner" at prices the average buyer can even think of . . . so take a good clear look at that 21-inch black-and-white set. It's your best buy!

You can count on Don Hager's. We will have the finest in color TV when it is a proven saleable and serviceable product. Until such time we will continue to bring you test showings of color sets to keep you posted.

It's Your Right!

In cases of accidental death, it is important to remember that the immediate family — and they alone — have the authority to select the funeral director of their choice. Because of the emergency nature of such deaths, unauthorized persons may call a nearby funeral director without having the opportunity to consult the family's wishes. In such cases, the family should then feel perfectly free to notify the funeral director of their choice, who can then handle all arrangements at his own establishment.

News of Elk Grove

Vote Saturday

All good friends of the school should come out and vote in the school elections Saturday 12:00-7:00 in the school lunchroom. It is very important that tax rate increases for the education and building funds be approved now in order to maintain a desirable school environment next year. The school has been faced with the same problem as neighboring schools — higher teacher salaries and operating costs. Many of these schools have already increased their tax rates to the maximum set by law so as not to have to lower their standards. It has been the aim of the Elk Grove board of education to provide a school that satisfactorily provides for the needs of the children and causes the local citizens to view it with pride. This can be done without extravagance or waste, yet still requires many expenditures to give the necessities and desirables. "Make it a point to come out and back the school and encourage the neighbors and relatives who are interested in the future welfare of the community to do likewise." says Principal Dennis Malcolmson.

The two Elk Grove school board candidates are unopposed on that ballot. Frank Kessler is up for a second term while Henry Bollman is running for the vacancy left by the expiration of Fred Schulze's term. Kessler, a resident of Beisterfeld for many years, has been a hard working, enthusiastic board member with many excellent ideas for improvement of the school facilities. He has been working in various phases of the painting trade and is employed by a firm in Chicago. He has a daughter in school now. Bollman has lived in or around this community all his life. His present home has been for many years on Higgins rd. west of Mt. Prospect rd. He has two sons and a daughter in school. Their grandfather attended this school when it was located over in the triangular piece of property. Bollman has been employed by Joslyn co. in Franklin Park for 14 years.

The high school board of education held at the same time features a contest. Two late entries were filed to oppose the regular candidates. The regular candidates are Elk Grove's former board president, Kenneth Dougan, an extremely well-qualified candidate considering many years of school board experience in this high school district, and Mrs. Alma Fontaine. Dougan recommends heartily his running mate, Mrs. Fontaine, also with many years of school board experience on the Mt. Prospect board.

Primary Election Tuesday

The school auditorium will serve as the polling place for this area April 13 from 6:00 to 5:00. Only registered voters may vote in this election.

Another Skating Success

The second all-school skating party attracted one extra person this time making a total count of 145, which netted $12.50 profit to the student council. Folks of all ages enjoyed the spills and thrills. Mrs. King and family, Miss Fiddler and Mrs. Walberg tried out their skill at maneuvering through the pack.

Schaumburg Excursion

Last Friday both bands played a concert in the large multi-purpose room of the new Schaumburg school. Mrs. Wesley Scharringhausen, Mrs. Franklin Landmeier and Mrs. Edward Oehlerking acted as chauffeurs in the convoy of five cars. The upper graders enjoyed seeing their former classmates who had attended Elk Grove the last year and a half.

Mother's Club Today

Mothers' Club meeting will feature the report of the nominating committee, presentation of the nominees, discussion of the need for increasing the school tax rates by the principal and discussion of the May 14 community party plans. A brief film of the upper grades' late afternoon party will be shown promptly at 1:30.

Interested Persons Observe

Tomorrow, Friday, there will be a public hearing in the Mt. Prospect village hall at 8:00 to consider the rezoning of a 10-acre tract from farming to residential. This tract is located on the south side of Higgins road about ½ mile south of Oakton street. Since it is proposed to put up from 75-90 two bed room homes to sell for $6,000 on this land, there will be many interested people in attendance. If this rezoning is granted and all these prefabricated homes are up by fall, it would almost certainly require double shifting one or more grades.

Easter Vacation

Easter vacation this year will include Good Friday and the Monday and Tuesday after the Easter week end.

Marionette Show Postponement

Due to illness of the director the marionette group had to cancel this week's show. May 10 has been set as the new date.

What's New

Mrs. Allison played an April fool trick by bringing a pink painted tree with eggs growing on it. Then the tree had its April fool trick by budding.

Mrs. Walberg's room made very clever Easter decorations by blowing out eggs and then designing them to look like figures.

Two loads of gravel have made a tremendous improvement to the long driveway in front of the addition. Hard winter weather action had caused holes and puddles.

Mrs. McIntyre's room grew too big for the teacher's room next to the office and so has been returned to the far end of the auditorium where it was located last fall. The room vacated is being used by Mr. Dochterman for band and singing groups and Mrs. Gwynn and Mrs. King for upper grade chorus.

Teachers are selling tickets at $1 to "Ladies in Retirement" to be given at Arlington Heights high school at 8:30 April 22, 23, and 24. This play produced by the non-professional players group of Arlington Heights, Village Theatre, is for the benefit of the state teachers' organization, the Illinois Education association. Anyone interested in seeing this former Broadway hit may contact teachers or buy tickets at the door.

Community News

Thursday night about 8:30 there was a fire in Roger Kueking's attic. A hole was burned in the roof and smoke and water damage in other parts of the home. It was thought to be caused by a short in the wiring.

Eddie Lumpp's brother, Raymond, returned to Fort Sheridan.

Obituaries

Addie Pinney

Funeral services were held in the chapel of the Methodist Old People's Home, 1415 W. Foster ave., Chicago, Friday for Miss Addie Pinney, daughter of Mrs. M. L. Pinney, nee Cady, who was the first white child to be born in Palatine township.

Miss Pinney was born in Menard, Iowa, Sept. 11, 1856. When three years old her parents moved to Palatine, where she resided until Dec. 1937 when she entered the Methodist home. Her mother passed away two years earlier.

Miss Pinney was a fine seamstress and followed that vocation until she left Palatine.

When a reporter of Paddock Publications interviewed her in February 1948 she said, "You are only as old as you want to be. The best way to stay young is to forget about yourself and how old you are and get out and do things for other people."

That was the kind of life Miss Pinney led, especially during the 16 years she was in the Methodist Home. Year after year she sewed dresses for the 6, 8, and 10 year old girls in Lake Bluff orphanage. Every September she would be taken to the orphanage where she would take the measurements of the children and have the dresses ready by November. A Chicago society interested in the care of orphans supplied the material.

As the years piled up on her she was not able to do much, but it was only a week before her death that she had to be placed in the hospital. She passed away Tuesday, March 30. The remains were cremated and the ashes will be buried on the family lot in Hillside cemetery, Palatine.

Miss Pinney took an active part in the women's society of the Palatine church many years.

Henry A. Leseberg

Funeral services were held Friday afternoon for Henry A. Leseberg, who nas been a resident of Palatine his entire life of 88 years. He died Tuesday evening, March 30. Interment was in Hillside cemetery.

He was born February 17, 1866. He married Miss Louisa Theis October 18, 1898. Seven children were born to them, two of whom have preceeded him in death. Mrs. Leseberg died March 2, 1939.

Deceased moved to Palatine from his farm in 1925 and has since resided at 44 N. Benton st. He was one of the earliest subscribers of the Palatine Enterprise which continued to enter his home although his eyesight was failing him.

He was a member of the Palatine Methodist church and one of its trustees for many years. Remaining are two sons, William and George; three dauhgters, Lillian Hinneberg, Amanda Brown, both of Palatine and Eleanor Wendt, Barrington; five grandchildren, and four great grandchildren.

May Wente

Funeral services will be held Thursday at 2 p.m. at Tharp Funeral home for Mrs. May Wente, 30 S. Glenwood, Palatine. She died Monday evening after a lingering illness. She had been admitted to Sherman hospital, Elgin, three times within the last two years and since last December had been at the Jones Rest Home, Palatine.

She leaves two children, Miss Marcella, who lived at home, and Ward, Des Plaines; one grandchild and two sisters, Miss Hattie Kuebler, Palatine, and Mrs. Maud Lamb, Chicago.

Deceased was born in Palatine December 24, 1884. She married Charles L. Wente July 10, 1910. Mr. Wente died August, 1936. She was a member of St. Paul Evangelical and Reformed church, Palatine, whose pastor, Rev. Gumm, officiated at the funeral service.

Harold Erwin Willson

Harold Erwin Willson, 56, 720 S. Riverside dr., New Smyrna Beach, Fla., former resident of Mount Prospect, died March 31.

Mr. Willson was born March 20, 1898, in Des Moines, Iowa. A veteran of World War I, he was a realtor.

He leaves his wife, Stella C.; a daughter, Mrs. H. Cline Nichols, Ocala, Fla.; a brother, Herbert Willson of Chicago, and three grandchildren.

Funeral services were held April 2 at 10:30 a.m. at Settle chapel, New Smyrna Beach. Rev. Durward McDonell of the First Methodist church, officiated. Interment, Edgewater cemetery.

Francis E. Suter's Subdivision
Bensenville
Offers Many Conveniences

Here is the location of Bensenville's newest and finest residential area, the FRANCIS E. SUTER SUBDIVISION! It is close to public and elementary schools, the Community High School, and six churches. The large and complete shopping area, railroad station, and bus terminal are all within convenient walking distance.

A small park and playground area is being developed just one block north of the subdivision. This subdivision is being improved with surfaced streets, curbs, gutters, sidewalks, sewer, water, and storm sewer. At present six brick homes are under construction. All have full basements, plastered walls, metal window sash and frames, and thermopane glass.

One of these homes, nearing completion, has three bedrooms all on one floor, with a kitchen equipped with metal cabinets, refrigerator and stove, and will sell for $18,500.00 complete. Another one near completion also has three bedrooms on one floor with an attached carport. This home will sell for $19,000.00. In both instances the down payment is $5,000.00.

Home owners in this subdivision will be protected by selected sale of lots which, together with location and deed restrictions, make this an ideal community for those who want all the conveniences of the city with the advantages that only suburban living can give.

We invite you to inspect our homes and subdivision. We are open daily from 9:00 a. m. to 4:30 p. m. and Sundays from 1:00 p. m. to 5:00 p. m.

Expect 40 Schools To Run In Palatine Relays April 24

MAC SAYS

BY G. A. McELROY

AROLD GAFFNEY, who coached the Barrington Bronchos to the quarter finals of the state basketball tournament, has resigned his position. Gaffney feels this is the time to look for another job and he is probably right. Barrington has wanted so badly for so many years to make the "Sweet Sixteen" that now that it has happened, a mere league championship will be a let down. Anyway Gaffney will look for another school where he can develop a state tournament team.

Gaffney has been at Barrington seven years, of which the past two have been as head coach. He was a former football star at Bloomington high school and Illinois Normal university. Unlike most teachers, Gaffney resigned before he had landed another position.

A good raise in pay at Barrington to a point where he would be one of the top men in the North Suburban did not stand in the way.

Of all the coaches we have known, Gaffney has the most enthusiasm for his work. That enthusiasm rubs off on the boys and permits him to drive his boys hard and insist upon the most exacting performance, yet, at the same time, develop great team morale. Off the floor Gaffney is the most friendly jovial fellow you would want to meet and very popular with his players. On the floor he is all business. Gaffney may not know as much basketball at this point as some of the prep coaches in Illinois, but he has a way with boys and can get more basketball out of the material available than most coaches.

Russ Ahearn, who took Hebron to the state championship two years ago has finally left Hebron. According to the Chicago press he will coach at a new school of Woodland in a prosperous community just outside Streator.

IT HAS BEEN A BIG YEAR for Antioch in the Northwest conference. The Sequoits, after taking second in football, made a clean sweep in basketball on frosh, soph, and varsity, though tied by Grant and Ela in the soph division and by Grant in the varsity.

Now it looks like Dick Scott might add to his coaching laurels in baseball for Antioch is considered the best bet to beat Bensenville out of a repeat in the diamond sport.

In track it is a different story with Coach Welty's Palatine Pirates again having the inside track, seventh year in a row.

★ ★ ★

ARLINGTON TOOK "A" CLASS and Mooseheart "B" in the Palatine Relays in 1950 and 51. Then Ottawa and Lake Forest were two time winners in 1952 and 53. This year it is our guess a new pair will emerge on top. Who they will be is very doubtful. Both "A" and "B" classes will be packed with talent as many new schools enter the meet.

Among the new ones are Highland Park, Glenbard, Lemont, Kankakee and Downers Grove in "A" class and Rich Township, Rochelle, LaMoille, Serena, Grayslake and St. Anne in the "B" division. At least 40 and possibly 45 schools may enter the meet.

The last time Palatine was the winner was in 1943, the last of three straight class "B" championships. Palatine was in class "A" last year with the heavy enrollment of Northbrook students, but this year, with a better team, the Pirates are in the "B" class where they might be a contended. Palatine has set a good many Palatine Relays records over the years, but all have been broken and not a single Palatine mark stands.

Three events were discontinued with Palatine holding records, which included Anton Cipri's :51.7 in the 400 and marks of 187' 10" in the javelin and 145' 6" in the college size discus by Eddie Hahnfeldt.

★ ★ ★

BERNIE PRAIS of Lake Forest, who holds the Palatine Relays class "B" record in the 100 yard dash and high jump, has been in training camp with the Baltimore Orioles baseball organiation and will be assigned to some minor league club affiliated with the Orioles.

Prais never played baseball in high school as Lake Forest still does not have a prep school baseball team.

Geneva has quit coming to the Palatine Relays, but two of the finest records which may stand for many more years were made by Geneva athletes back before the meet was divided into classes in the individual events. A mile mark of 4:39.3 made by Smith and a high jump of 6' 2" by Zacco are two of the finest on the books. Geneva won class "B" in 1938, 1939, 1940, and 1945.

THE WORM TURNETH at Arlington Heights high school. For years and years Arlington's track team was noted for its galaxy of sprint men, with little attention paid to weights. Nowadadys there are weight men galore with Coach Russ Attis continually looking about the halls for anyone who looks like a sprinter.

With Winterbauer leading the way, record by record, and sophomore Dennis Striegel close behind with 46' marks in the shot, weight mentor Bill Beckman also has three juniors, another sophomore ,and six frosh working out.

This week four weight men will compete in the Decatur Relays, giving them a chance to try their wares against downstate boys.

Bensenville Opens Defense Of Baseball Championship In Northwest Opener Friday

Friday the Northwest conference opens a 14 game baseball schedule with all eight member schools participating in a home and home arrangement. Bensenville is the defending champ, coming up with a brilliant 9-1 record last year behind the left handed slants of Dave Sloan, an outstanding twirler.

This year the Bisons have six lettermen and a strong hitting and fielding group up from sophomore ball, but the big question is whether Herb Brown and Bert Heuer can come through on the mound.

Bensenville opens the schedule at Ela-Vernon, always a strong contender. Ela has only three lettermen in pitcher Don Prouty, first baseman Glen Chaffin, and outfielder Willard Uutala. Coach Tom Meneguin's Bisons have a makings of a strong club and will definitely be the team to beat with such returning veterans as Harold Tews, catcher; Eric Kellett, first base; Herb Brown, second or pitch; Eugene Benhart, third or catch; Bert Heuer, pitch or outfield; and Stanton Noll, outfield.

* * *

OPENING GAMES in addition to the Bensenville-Ela-Vernon game, find Palatine at Grayslake, Antioch at Glenbrook, and Wauconda at Grant. Wauconda and Glenbrook are new to conference baseball. Wauconda dropped the sport two years and Glenbrook is starting from scratch in a new school. Antioch has a veteran club and is likely to be the top contender to replace Bensenville on top of the standings.

Palatine has some good young prospects developed by Coach Claude Bailey in American Legion junior baseball last summer, but most of them are just a bit short on experience needed for high school varsity baseball.

Only lettermen returning are "Tinker" Meyer who will pitch or play infield, and "Whitey" Kolze, who is being shifted from outfield to short stop. Tom Hillesheim, a rugged lad with a good arm may be the best pitcher, for he was quite effective in junior ball last summer and as the sophomore pitcher last spring.

* * *

GRAYSLAKE whom the Pirates meet in the opener, will be a tough ball club. Jay Hook came through as a pitcher late in the season last year and along with this all round athlete Coach Paul Subject has Andy Bertoli to catch, Jack Peters at second, and Wally Giernoth and Ron Christen in the outfield. Last year Grayslake had a 4-6 record and prospects are improved. Palatine finished second a year ago with an 8-2 mark.

Tuesday and Friday games will be the regular order from now on in baseball. Next Tuesday the schedule calls for Ela-Vernon at Palatine, Grayslake at Bensenville, Wauconda at Antioch, and Glenbrook at Grant. Next week Friday finds Palatine at Bensenville, Antioch at Ela-Vernon, Grant at Grayslake, and Wauconda at Glenbrook.

Arlington Golfers To Begin Qualifying Rounds Thursday

Arlington Heights high school golfers began practice rounds at Old Orchard golf course Tuesday afternoon with qualifying rounds slated to start Thursday. Coach Curtis Larsen carded nine holes Tuesday and Wednesday, then moved into qualifying rounds to cut the squad from 25 to 15.

These rounds will include nine holes Thursday, Friday, Monday and Tuesday. The squad is limited to 15 boys. Opening match is slated against Palatine, here, next Thursday, April 15.

A check for $1,250 is turned over to E. Dahlquist, treasurer of the Mount Prospect Little League, by Wallace Busse, commander of the local VFW post. The money was earned through a benefit dance sponsored by the post and in charge of R. Sedlac, left.

Arlington's Dick Winterbauer Could Break Own Marks

A record entry list totaling close to 40 high schools is expected to compete in the 22nd annual Palatine Relays Saturday, April 24. This is one of the largest outdoor track meets in the state of Illinois and will be an all day affair starting at 9:30 a.m. and ending at 4:30 p.m.

The cancellation of the annual Wheaton Relays which have been held on the same day for the past 10 years has added a few extra schools to a total which had been in excess of 30 for several seasons. Highland Park, Glenbard, and Downers Grove are three of the new class "A" entries from this area. The meet is limited to schools of 1,500 enrollment and under with those having 550 or more students in class "A".

* * *

DEFENDING CHAMP and winner of class "A" the past two seasons is Ottawa, who is expected to make a strong bid to retain their title. Lake Forest has won class "B" the last two years in a row.

Some of the schools who appear to be sure class "A" entries are Niles, Leyden, Riverside-Brookfield, Arlington Heights, Belvidere, Crystal Lake, Libertyville, Zion-Benton, DeKalb, Glenbrook, East Aurora, Elgin, Glenbard, Highland Park, Downers Grove, Argo, and Reavis.

In class "B" schools certain to compete are Antioch, Barrington, Wauconda, Warren, Woodstock, Lake Forest, Somonauk, Oswego, Sycamore, Oregon, Mooseheart, St. Charles, Batavia, Serena, Rochelle, LaMoille, St. Thomas of Rockford, Geneseo, West Chicago, Marengo, Naperville, Palatine, Bensenville and Rich township.

* * *

MORNING PROGRAM starting at 9:30 includes prelimaries and finals in all field events. In addition this year, preliminaries in the frosh-soph 440 yard relay will be run at 9:30, narrowing the field in each class to five teams. Prelims in the 100 yard dash will follow the relay, narrowing the field to six in each class.

A third track event moved to the morning program will be the two mile relay, which will be run in classes against time at 10:45. The afternoon program has been dragging out over three hours and with added entries, the shift in program has become necessary.

The meet is divided in two classes for all events with medals given to the first five places in each event in each class. Over 300 medals are to be awarded as well as championship trophies in each class. In addition to the permanent trophies, the George Spies company of Chicago has two large traveling trophies which the winners will retain for one season.

* * *

EVERY YEAR some of the meet records are broken. Last year Dick Winterbauer of Arlington Heights broke the discus throw with a toss of 152' 2¾" and cracked the shot mark with 53' 2¾". This year there is a good chance Winterbauer will again beat the discus mark, but he is almost certain to better the shot record as he has improved to the point that he warms up at a mark close to the old record. Winterbauer has cracked records in every meet he has entered this year indoors, with his best in excess of 56 feet.

Last year East Aurora bettered both the mile and the 880 relay marks in class "A" and Oregon smashed the class "B" mile relay time. The caliber of competition is such that if weather conditions are favorable, a few marks in the relay events are likely to be wiped out.

* * *

THE AFTERNOON session of the meet starts at 1:00 with running of the 320 yard high hurdle relay followed by finals of the 100 yard dash, mile relay, finals of 440 yard frosh-soph relay, 400 yard low hurdle shuttle relay, mile run, and the 880 yard relay. In all cases the "B" events precede the "A" class. There are numerous heats in many of the events and the winners will be determined on a time basis.

Sam Marzulo, athletic director of Maine township high school, will be official starter and referee of the meet. Accommodations for 1,200 spectators will be available with admission to the afternoon program 75 cents for adults and 40 cents for students, established rate for athletic contest in the Northwest conference.

Arlington Nine To Try Again; York Thursday

Snow, wet grounds, and rain stopped the Arlington Heights high school baseball team in that order this past week.

Coach Howard Lester's squad will attempt to get a new season under way this Thursday, April 8, against York. Only one good workout had been possible prior to Tuesday of this week, and that Monday. Possible starting lineup announced last week still goes.

* * *

INCLUDEED IN that tentative lineup were Roger Thomas or Dave Lynk at first, Ken Lemke at second, Charley Verret at short and Ted Bakalar at third. Bob Dotts will probably open behind the plate.

The outfield will probably include Jack Sieburg, Denny Maher and Jerry Sauter. Slightly ahead of the rest of the group on the mound is Mike Shanklin, though others close at hand include Dave Ryden, Ed Linneman, Wayne Brumm. Then there are Doug Winkelman and Bob Charles, too.

* * *

COACH LESTER has announced a trip for the baseball team May 14 to see the University of Illinois play Northwestern at Evanston.

Lester coached the Illini mentor, Lee Eilbracht, in his first year of directing at Waterloo, Illinois. A possible trip to see either Cubs or Sox play may be in the offing, too.

Arlington Little League Sets Registration Dates

By The Dad of a Little Leaguer

Calling all Arlington Heights Little Leaguers and Pony Leaguers!

Get out that glove and start throwing that ball around—everything's set for tryouts for the 1954 season.

There'll be four trials for lads in the Little League age bracket of 8, 9, 10, 11 and 12 at one park.

And there'll be four tryout centers for the bigger boys in the Pony League age division of 13 and 14 at another diamond.

* * *

HERE ARE DATES, starting time and sites for the drills from which the teams will be organized:

For the Little Leaguers, April 17 and 24, May 1 and May 8 at Recreation Park, 1 p.m.

For the Pony Leaguers, April 17 and 24, May 1 and May 8 at Arlington Heights township high school, 1 p.m.

The above dates are Saturdays. The lads are to report—rain or shine.

* * *

EACH PLAYER will register his name, age and address with a league clerk and be given a numbered card to be pinned on his back so the managers and coaches supervising the tryouts can identify players and take notes on them.

There is a registration fee of $1 for each boy, to be paid when he reports for the first tryout, in accordance with national Little League and Pony League rules.

Outside of a glove and probably shoes, there is no other cost for participating. The league furnishes everything—uniforms (for boys in the regular Little League and the Pony League), bats, baseballs, catching equipment, umpires—and even accident insurance.

For these reasons, plus the fact that a wholesome, well conducted activity is good for growing boys, the National Little League Association and its affiliate groups have been regarded as "the best thing that ever happened for the kids."

* * *

TWO LITTLE LEAGUES will be formed—a National league for boys living on the north side of Northwest highway and an American league for lads on the south side of Northwest highway.

There will be four teams in each loop, 15 boys on each team.

One Pony League will be made up of four teams with 15 players each.

Youngsters who fall short of making the grade in the Little League will be placed in a league made up of "farm clubs." These boys can step up into Little League competition during the season if they show sufficient improvement.

Every boy who qualifies in the age brackets will be given an opportunity to play!

PONY LEAGUE managers who will supervise the trials so they can draw a line on players for their teams are Jack Mutti, Jack T. LeBeau, George Schaefer and Bob Hutchinson.

The eight Little League pilots are Ed O'Gara, Henry Haiduke, Ben Fleury, Gerald Beckman, George Tuttle, Bill Heitz, Charles Clement and Mervin Fink.

Plans for the player trials and other details were completed at a meeting of the Arlington Heights Little League Board of Directors at which Lloyd Taylor, president, presided.

Card Thinclads Gain Split At Downers Tuesday

Arlington Heights high school track teams split their first outdoor match of the season at Downers Grove Tuesday afternoon, the varsity bowing, 76 2/3 to 41 1/3, and the frosh-sophs winning, 60-44.

Dick Winterbauer in the shot and discus, Dick Michalski in the pole vault, and John Sheppard in the 880 were the only blue ribbons for Coach Russ Attis' squad.

Winterbauer put the shot 54' 4½" and dropped the discus 154' 9" from home. Michalski went up his usual 10' 6" in the pole vault, while Sheppard copped the 880 in 2:10.4.

Heights seconds were won by Michalski in the high hurdles, Sheppard in the mile, Harrison Kennicott in the 220, Wayne Mueller in the shot and Winterbauer in the broad jump.

* * *

THE FROSH-SOPH half of the festivities was a different story as the young Cardinals took seven first places.

Long won the high hurdles in :16.8, Lussow the 440 in :58.5, Striegel the shot at 46' 4", Striegel the discus at 111' 11", Korcek the broad jump at 17', Palmer the high jump at 5' 4" and Beier and Henningsen tied in the pole vault at 8'.

Seconds were won for the locals by Palmer in the high hurdles, Long in the lows, Miller in the 880, Klehm in the shot, Horcher in the discus, and Long tied for second in the high jump.

Stork Arrives In Car With Help Of Fireman And Police

Des Plaines fire and police departments combined to deliver a bouncing 7 lb. 3 oz. baby boy to Mrs. John J. Frederick, 1692 Orchard street.

At 3:25 a.m. Mr. Frederick ran into the police station and reported to police that his wife was in the car outside. They had been on the way to the hospital when they discovered that they would not be able to make it.

Sergeant Hintz and officers Altergott and Fredericks, and Lts. Arndt, Provenzano, Haag, and Wolf of the fire dept. delivered the baby within about five minutes and pulled the car into the fire station while waiting for Dr. Phil Heller, and the ambulance which took mother and son to Illinois Masonic hospital.

are out for the frosh-soph team which should begin to pay off next year, if not sooner.

Varsity baseball could be another good year for the Cardinals, especially if another good outfielder can be found by Coach Howard Lester.

The Heights nine has considerable Junior Legion experience behind them, and if the boys can hold up under pressure, and get by the first couple of games, the locals will certainly win their share of games.

Coach Curtis Larsen is in the process of qualifying rounds for the golfers, but has veterans Dick Hauff, George Skelton and sophomore Bob McDonald around which to build his team.

Bears Sign Wallace And George Blanda

Stan Wallace, Illinois' great defensive back and the Chicago Bears No. 1 draft choice for 1954, signed Monday.

Wallace, 22, is a 6-3, 210 pound native of Hillsboro, Ill., who missed only three games in all during three seasons of varsity competition at Illinois. He was picked No. 1 by the Bears to fill a defensive right halfback gap in which no fewer than eight different players were used at various times last season.

Last season Wallace went on offense as well as defense and his key blocking set up many of the sensational runs by Illinois' offensive twins, J. C. Caroline and Mickey Bates. In three games, Wallace averaged 56 minutes of playing time. As an occasional ball carrier, he gained 269 yards on 23 tries for an 11.7 average, high for the team. His best day was against Syracuse when he carried six times for 118 yards, including one run of 58, and scored four touchdowns.

George Blanda signed Friday for his sixth campaign with the Bears.

His signing completes the Bears' "3-B" quarterbacking triumvirate that already includes two brilliant first year prospects, Zeke Bratkowski, of Georgia; and Ed Brown, who starred at San Francisco University before going into the Marine Corps.

Blanda, employed in customer relations by the Midstate Freight Lines of Chicago during the offseason, had his greatest of all years with the Bears last fall. His 169 completions and 362 attempts both were high in the league.

His completion average of 46.7 per cent was sixth in the NFL. In addition, Blanda ran his string of consecutive points after touchdowns to 83 in the past three seasons, only 26 under the record of Lou "The Toe" Groza

Card Netmen Host Friday In Opener vs Niles

It will be 30-love on the Arlington Heights high school tennis courts Friday afternoon, weather permitting, when Coach Ken Schaller's netmen take on Niles in the opening match of the season.

Only two boys are certain of positions, as of Tuesday afternoon of this week, Ray Birkholz and Bern Schnyder. Thereafter the boys are about equal for the varsity, including Don Hutchinson, Lew Gordon, Doug Morrissey, Brian Mitchell, Tom Livingston, Dave Ells, Floyd Burns, Tom Hansen and Charley Gibfried.

* * *

COACH SCHALLER is planning playoffs throughout the season, with each boy eligible to challenge the man above him for playing spots in matches the following week.

Not enough is known of the frosh-soph squad as of this writing, though there are plenty of boys reporting. Conference schedule doesn't start until after the Easter holidays.

Y.M.C.A. Tennis Clinic To Begin Wednesday

"Cap" Leighton announces there is still time to register for the Y. M. C. A. tennis clinic to be held Wednesday, April 14 and 21 at Maine high school gymnasium.

Boys, girls, men and women are invited to participate in this activity where beginners as well as advanced players can benefit. Participants are asked to bring their own racket, two tennis balls, and gym shoes. Registrations are open to both Y. M. C. A. members and non-members.

Further information can be gained by contacting the Northwest Suburban Y. M. C. A. at 1488 Miner st. in Des Plaines, or at Vanderbilt 4-4156.

The nation's top tennis stars will give an exhibition at Maine high school Monday, April 26.

Western indoor champions as well as national indoor champions will be on the list of those participating.

Free tickets can be secured through the Y. M. C. A. members, or at the Y. M. C. A. office.

Bisons Have Six Veterans For Baseball

Bison varsity baseball coach Tom Menegiun announced last week that of the 25 boys out for this year's varsity squad 6 are returning lettermen from last season. They are Eric Kellet, first base and pitcher, Hub Brown, second base and pitcher, Gene Benhart, third base and catcher, Herold Tews, catcher, Bert Heuer, pitcher, and Stan Noll, outfielder.

Moving up from last season's frosh-sophs are Ken Sirotzki, catcher and short stop, Gerry Graumann, second base and short stop, Jac Masotti, second base, Dall Straudi, pitcher, and Bob Misicka, first base.

Menegiun said he has a total of 25 varsity players out for this seasons play.

Arlington Men Out For Sports At Coe College

Herb Gorder, 905 N. Mitchell, will receive a freshman numeral in one sport and already has reported for another, athletic director Dick Clausen at Coe college announced Thursday.

Gorder will receive his numerals in basketball and is now getting in some practice shots on the indoor range in the Coe fieldhouse.

Another Arlington Heights athlete, Jack Peters of 403 N. Belmont st., is a junior and has reported for the varsity golf team. The golfers will open their season against Coe's arch rival, Cornell, April 21.

Plan Sports Show At Arlington May 7

Initial plans for the coming sports show at Arlington Heights high school were announced this week. The all-school production, designed to show the public what goes on in the physical education classes during the year, is planned for May 7.

Included in the plans:

Sophomore girls showing weight and posture exercises directed by Kay Weisenburger.

Junior or senior girl archers, directed by Martha Craig.

Band front class, including modern dancing, directed by Elaine England.

Sophomore boys demonstrating low net volleyball.

Freshman boys depicting a typical frosh gym class.

Gymnastics demonstration under direction of Gay Hughes.

Combined boys and girls demonstration of volleyball and dancing.

Fancy Pitches Shorten Careers Of Pitchers

So-called "new fangled" pitching now displayed in the major leagues does not compare with the power hurling of the earlier era of the game, according to Bobby Wallace, old-time pitcher and shortstop, in the first of a two part story appearing in The Sporting News.

He calls the slider "a disappointed curve," and insists that the screwball, employing arm muscles in reverse twist, takes more out of a modern pitcher's arm than do the conventional fast ball, curve and change-up.

* * *

"FOR MY DOUGH," says Bobby, "in the big pinch I'd rather have a pitcher out there with the old fire-ball and dizzy twisters than all your modern knucklers and dipsy-do artists."

Still, as an ex-pitcher himself, he doesn't want to be too dogmatic about it. "It could be this rabbit ball is bringing in a new theory of pitching," Wallace says. "As pitchers know thay cannot throw this rabbit ball by the batters for nine full innings, maybe the strategy now is based on the hope of fooling the batter by a mere eighth or quarter of an inch. Such a scant margin is enough to result in a high fly on a ball hit above the bat center or a grounder below bat center. It is by such tiny fractions of inches that batters become heroes or bums.

* * *

"IF THERE IS a slow evolution in the theory of pitching, I'm sure today's variety is playing havoc with a lot of salary soupers. I think it was the late Dr. Robert Hyland of St. Louis who claimed that these stuff pitchers were putting such unnatural strain on their pitching muscles that some careers were being shortened by years."

According to the story, it is reassuring to Bobby's personal outlook that the great pitchers of today, such as Robin Roberts and Allie Raynolds, are still in the classic Johnsonian mold.

Benefit Party

To raise money to furnish the newly established Knights Templar home for the aged infirm at Paxton, the Knights Templar auxiliary of Illinois will hold a card party, fashion show and tea April 28 in the Illinois room of the La Salle hotel, Chicago.

Dick, Dennis, Jack, Wayne, Carl To Carry Their Share Of Load

"They'll carry a lot of weight in the West Suburban, and elsewhere this year."

That's the outlook of the weightmen of the Arlington Heights high school track team. Coach Bill Beckman has a full crew of boys out for shot and discus this spring and some of the boys are certain to gain headlines.

* * *

DICK WINTERBAUER heads the parade with record breaking performances in indoor meets galore. He tossed the shot 52' 11" at New Trier; 54' 8¾" at Maine; 55' 1" at University High; 56' ½" at Oak Park; and 57' 2" at Evanston.

Now that the outdoor season has begun, Dick is also twirling the discus, hitting 154' against Downers Grove Tuesday of this week. He took second in the state last year with a toss of 153' 7". Young of New Trier, state champ in '53, is now gone, but Beason of Palestine, who finished third in the state, is still around and has reportedly tossed the platter 161' 8".

* * *

SECOND IN COMMAND at Heights is Dennis Striegel, a sophomore now putting the shot 46'. He hit 46' 11" in the Evanston Relays and 46' 6" at Oak Park.

Dennis has been tossing the discus 105'-110', and Tuesday hit 111' against Downers Grove.

Two juniors consistently hitting 45' in the shot and 130' in the discus are Jack Johnston and Wayne Mueller. Junior Bob Dahlquist and sophomore Wayne Malzahn are close behind.

* * *

SIX FRESHMEN showing well for Coach Beckman are led by Carl Klehm. He's hit 37' in the shot thus far.

Other first year boys certain to make names for themselves later on include Jim Hoffman, Ray Horcher, Bill Hogate, Dick Fischer and Chuck Peterson.

Winterbauer, Striegel, Johnston and Mueller are expected to compete Saturday in the Decatur Relays.

Tougher Pitching

A correspondent of The Sporting News was telling Ted Williams about an interview on the Groucho Marx TV show. Nelson Gary Jr., a one-armed 12-year-old Little League player, was being interviewed by Groucho. Marx asked the lad how much he hit and the boy replied, ".387 last season but .435 the year before."

Marx then remarked, "Why, Ted Williams doesn't hit that much." To which the Little Leaguer retorted. "Yeah, but Williams faces tougher pitching."

JUST DOGS

by DAVE TERRILL

International Kennel Club Show

There was many a prediction that went slightly astray last Saturday and Sunday, April 3-4, at the 14th annual all-breed show held by the International K.C. at the International Amphitheatre in Chicago.

After much highly touted publicity about the champion Cocker Spaniel "Rise & Shine" he was nosed out in the sporting group by the English Setter "Ch. Ludar of Blue Bar," owned by William C. Sears of Birmingham, Mich., who then went on to win "Best In Show." When the time came to pick out the dog to win the coveted award the six dogs representing the six various groups of dogs as recognized by the American Kennel Club who had survived the two days of judging and come up through 2026 entries presented the judge T. H. Carruthers III, of Glendale, Ohio with somewhat of a problem. At this point your editor wants to pat himself on the back for after looking over these last six dogs even from a distance, he picked the English Setter as the one to go to the first place spot.

This was a year in which not only were there a number of upsets, but also many a record was broken. Even attendance records of all previous shows were broken with some 31,000 people on hand for the event.

* * *

FROM AROUND this area there were some 30 people who entered 58 dogs at the show. As far as numbers go, Leonie J. Boehmer of Mount Prospect had the largest number of entries when she entered six of her Brussels Griffons. Out Arlington Heights way, Dorothea S. Carr did quite well for herself when one of the Irish Setters that she owns "Carrvale Victory Lark" came out of the winners, dog class to go on to Best of Winners.

Mr. and Mrs. Edwin B. Howland of R.R. 1, Bartlett, won a blue ribbon with their Gordon Setter, "Bitter Sweet," a very stylish breed of dog which is not too often seen but very well liked. Talking about the Howland's dog and the name makes one think of Mr. and Mrs. James J. Keough of Roselle, who entered their Kerry Blue Terrier which is named "Keough's Sugar N' Spice." The Kerry Blue was not quite up in the blue ribbon section, but did take a second place in the class in which she was entered. This was even so a rather nice win when you consider the size of the International show.

That consistent winner and owner of Smooth Dachshunds, Mildred A. Huck - of Palatine had her champion "Creekside's Fanfare" end up as Best of Opposite Sex in the Dachshund ring. And down Roselle way Fred Krog entered 3 German Shepherds. H. G. & Worth M. Hendryx of the same town entered two of this breed. The German Shepherd class was as we mentioned in columns prior to the show the one which had the largest entry - 122 dogs.

* * *

COMING IN for 4th place in the German Shepherd, American Bred Class was the entry of Mr. & Mrs. Harold R. Mielke of Mount Prospect.

Going up rather north and east in our area Willy Necker of Wheeling entered two Doberman Pinschers each of whom placed third in it's class. Mr. Necker's entry of a German Shorthaired Pointer also ended up third in the Open Dog Class. Also from Wheeling the familiar owners and breeders of Great Danes, Mr. and Mrs. Fred W. Evanger entered one of their Harlequin colored Great Danes which took a second place spot in it's class. Speaking of Danes brings to mind that Leo Eigner of Arlington Heights entered a dog which took first place in the "Bred by Exhibitor" class and also the young female Dane owned by Mr. and Mrs. Harry L. Davis of Prospect Heights won the first place blue ribbon in the novice class.

Perhaps one of the top winners from our area was Erma E. Muster from down Bensenville way. The Weimaraners which she and her husband brought in for the show walked away with a lion's share of the awards in a number of the classes for this breed. They took 1st with a puppy also a first in the Winners class for females and this same dog "Silver Linda V. Feldstrom" went on to be given the Best of Winners award for her sex.

A lot of other folks from this area were at the show, with dogs entered but number of entries was too large for this editor to catch them all. From comments heard, everyone had a good time.

In obedience work there were a number of folks at the show just to look and also a number who entered. The one lone winner from this area was Dr. J. Fleischmann of Palatine whose dog took a fifth place in the Open "A" class. In the field work your editor saw a lot of folks there that he knew and this along with all the other events made the show one of the finest that the International has ever had.

Maine Beats LaGrange In Baseball Opener

Maine, defending West Suburban league champion, beat LaGrange, 3 to 1, in its conference debut. Ted Langlie went all the way for Maine, limiting the Lions to five hits in six innings.

Hinsdale whipped Glenbard, 7 to 5, in another West Suburban inaugural, as Jim Boss struck out seven in seven innings in going the route for the winners.

Maine	012	000	3	8	3
LaGrange	000	010	1	5	3

Batteries—Langlie and Olson; Meyer, Sedgwick, and Tillema, Waghop.

Hinsdale	410	001	1	7	5
Glenbard	000	301	1	5	7

Batteries—Boss and Krause; Weichenheim and Sporka.

Glenbrook Loses Baseball Opener

Glenbrook's baseball squad lost its opener at Highland Park Tuesday, 4-2. The Spartans opened with two runs the first inning, but the Suburban league school tied things up in the bottom of the first.

Winning pair of runs were scored in the fourth inning. Pitching for Glenbrook was Shirling with Olson behind the plate.

Copenhagen Beer A Favorite, Especially When It's Free

by BILL DILLINGHAM

One of the more noted tourist attractions in Copenhagen is the Tuborg Brewery. The Danes are proud of this establishment for two good reasons. The first is that beer is dear to the heart of Denmark, the second that Tuborg is estimated to be just about the best beer in the world — or so say the Danes!

As part of the Tuborg publicity program, the brewery is open to various groups and individuals for inspection. A tour can be arranged and the visitors are permitted to drink as much Tuborg as they like — all free, of course!

* * *

FOREIGN TOURISTS are always given some priority when it comes to a tour at Tuborg. Groups of Danes, too, are admitted. Just about the only people who are excluded is the obvious drunk who has polished his shoes a bit with the hope of entering Tuborg for a free bender.

Not too long ago, however, Tuborg brewery officials admitted a group that turned out to be just a bit more than they could handle. The police were finally called in to restore order.

* * *

DANISH SEAMAN'S union was the delinquent group — big beer consumers by anybody's standard. When word came to union headquarters that such a tour had been arranged, members pressed out their neckties, buttoned up their collars, and proceeded to the Tuborg grounds.

Things started off in a gentlemanly fashion, and the first offer of "all the free beer one can drink" was received with great interest, camoflaged by shy reluctance.

At first, members began downing Tuborg's brew with all the reserve of bankers at the local club. It wasn't long before things pepped themselves up, however, and Tuborg's officials began to wonder where all the beer was going!

* * *

THEN, INEVITABLY, the first fight started. Before it could be stopped, the entire group began to brawl. A quick-thinking beer clerk, in an attempt to divert everybody's attention, screamed out an offer for "Paskebryg". This is a special beer — a real delicacy to any Dane — that contains 7% alcohol and which is on sale only at Easter time.

The only snag to the offer, however, was that it was too early in the season for Paskebryg. When the seamen found out that they had been duped in order to get them to stop fighting, they started to riot.

Finally the police were called in to restore order. The seamen were given free transportation back to the union hall. Since that time, Tuborg's officials restrict groups of "doubtful tourist value".

Summer Theaters To Open Early In June

Summer theater time is a short two months away, and plans for the coming season are about completed at the various theaters of this area. Local residents, who choose the legitimate stage productions in countryside settings instead of the Loop, will be interested in knowing what will be shown at the various theaters.

Highland Park's Tenthouse theater will open Friday, June 11, with "The Fourposter," starring Helen Stenborg and Barnard Hughes. Other theater-in-the-round productions include "Time of the Cuckoo," "Gigi," "Venus Observed," "The Little Hut," "The Winslow Boy," 'The Enchanted," "Desire Under the Elms," "Fresh Fields," "Home At Seven" and "Heartbreak House."

The Music theater, located at the north end of Edens highway, will also open Sunday night, June 11, with each production running two weeks. Benedict Goodman and Frank Hutchins have returned from New York where they have been negotiating for outstanding stars, including Rodgers and Hammerstein's "Oklahoma" as the first show, starting Friday, June 11.

Chevy Chase summer theater, Milwaukee ave. north of Wheeling, will open June 22 under the direction of the Des Plaines theater guild. Thirty-four members of the guild have kicked in a total of $4,000 for a non-profit organization with the shareholders to get 5% return if profits warrant.

Productions include "Papa Is All," "Angel Street," "Male Animal," "Come Back Little Sheba," "Holiday," 'Glass Menagerie," "Arsenic and Old Lace," "Craig's Wife," ''Claudia,'' "George and Margaret" and "A Sound of Hunting."

Other summer playhouses expected to announce the new summer's cards are Shady Lane at Marengo and Salt Creek theater at Hinsdale.

Robert Frost To Read Poems Tuesday

At Lawrence

Miss Betsy Jarrett, daughter of Mr. and Mrs. Vinton Jarrett, 1110 Clarendon rd., Arlington Heights, has been elected vice-president of the Pan-Hellenic group at Lawrence college, Appleton, Wis.

Miss Jarrett, a sophomore, is a member of Kappa Alpha Theta social sorority.

At Lake Forest

Nancy Emig, daughter of Mr. and Mrs. Fred Emig, 1019 N. Highland, Arlington Heights, is a member of the student council weekend dance committee at Lake Forest college. Nancy, a freshman, is a graduate of Arlington Heights high school and attended Lawrence college before coming to Lake Forest.

At Lake Forest

Miss Arlene Bitter, daughter of Mr. and Mrs. Carl W. Bitter of Baldwin rd., Palatine, was recently initiated into the Lake Forest chapter of Alpha Lambda Delta at Lake Forest college.

Alpha Lambda Delta is a national honor society for freshman women and is the highest honor bestowed on a freshman woman at Lake Forest.

To be received into membership a freshman woman must acquire a scholastic average of 2.5 for her first semester or first year of college.

Miss Bitter is now a sophomore and is studying under a full tuition scholarship at Lake Forest scholarship in the class.

At Macomb

The Western Illinois state college concert band, composed of 75 selected musicians, will tour Iowa, Nebraska, Wyoming and Colorado April 19-24, giving nine concerts.

The 1954 tour will be the longest ever undertaken by the Western band. The band will travel 2,000 miles through four states on their first out-of-state tour. The trip is being planned from an educational standpoint and will include visits to points of historical and geographical interest.

The band will play a variety of music which includes all types from symphonic to contemporary modern. The program will vary with each concert, so as to provide an interesting concert for each different audience.

Playing bass clarinet will be Cynthia Guss of Bensenville.

At Tri-State

William H. Spears Jr., son of Mr. and Mrs. William Spears, 304 Marion ave., Prospect Heights, is among the new students enrolling in the department of commerce, majoring in business administration at Tri-State college, Angola, Indiana, for the spring quarter.

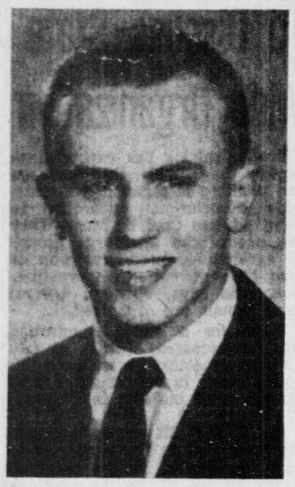

Upon completion of this course, Mr. Spears will be a candidate for the bachelor of science degree in business administration. He attended Arlington Heights high school.

At Purdue

John Christopher Kent, son of Mr. and Mrs. John Kent, 611 N. Douglas ave., Arlington Heights, was initiated into Sigma Alpha Epsilon fraternity at Purdue university, Lafayette, Ind., recently.

Kent is a freshman majoring in engineering at the university. He was vice president of his pledge class and also had high scholarship in the class.

At Northwestern

ROGER A. RAGLAND

Word was received this week that Roger A. Ragland, son of Mr. and Mrs. Harold Ragland of Mount Prospect, and his band will sail June 28, on the Holland-American line, for a Paris engagement.

Roger, who is a sophomore at Northwestern university, plays the guitar and took over his brother, Bob's, band. The band plays every Wednesday night at the Country Fare in Glencoe, an engagement they have had since last September.

The band will spend the summer in Europe and is scheduled to return September 2.

At Monmouth

The Monmouth college campus at Monmouth, Ill., will be crowded with high school seniors on April 23 and 24.

Prospective college students are visiting Monmouth as guests of the college's Association of women students, who are sponsoring "senior weekend" for the second year to acquaint high school seniors with the Monmouth campus as a means of assisting them in making college plans.

Among those invited to attend "senior weekend" at Monmouth are:

Donald Moore, 634 S. Belmont, Arlington Heights.

Barbara Paradis, 501 Mayfair rd., Arlington Heights.

Lynne Lommen, 226 S. Bothwell st., Palatine.

Dick Meyer, 125 W. Johnson st., Palatine.

Charlotte Nelson, 440 N. Smith st., Palatine.

Barbara Sanborn, 309 N. Brockway, Palatine.

Barbara Day, Rt. 1, Mt. Prospect.

At Iowa State

Nancy Scott and Carolyn Hinneburg, both of Arlington Heights, sang for Roberts Hall. at Sor-Dor, annual song-fest for sororities and dormitories at Iowa State college Sunday, April 4. Twenty-four voices were chosen from each residence.

At DeKalb

Treble Clef, 65-voice Women's Chorus at Northern Illinois State Teachers college, will present its annual spring concert Thursday, April 8.

At Wellesley

Miss Julie Hinds, daughter of Mr. and Mrs. Lonnie R. Hinds of 520 S. State rd., Arlington Heights, recently participated in the annual swim club show at Wellesley college.

Miss Hinds served as a representative of the athletic association in her freshman year. She is a graduate of Arlington Heights township high school.

At Florists' School

Ronnie Weiland of Aptakisic, 1950 graduate of Arlington Heights high school, is in Chicago taking a special course of instruction at the American floral art school, famous training center for florists.

Student florists learn how to arrange cut flowers whether a birthday gift, party centerpiece, flowers for the hospital or any other purpose.

At Carthage

Joanne Shelkop of Palatine attended the Carthage college friendship week end, March 27 and 28. Each year prospective students are invited to attend a planned week end in order to give them the opportunity to view real college life at Carthage.

At Northwestern

Miss Barbara Emerick, 622 S. Chestnut ave., Arlington Heights, has been elected co-chairman of bowling activities for the newly organized Sports club of the James Ward Thorne school of nursing of Passavant Memorial hospital and Northwestern university. Miss Emerick is in her senior year of nurse's training.

At DeKalb

Miss Lois Bender of Box 111, Bloomingdale, has been elected vice president of Nu Iota, local social sorority at Northern Illinois state teachers college. She is a graduate of Lombard high school.

At Denison

Among the 207 women initiated into national sororities at Denison university, Granville, Ohio, recently is Judith Gregg, daughter of Mr. and Mrs. H. J. Gregg, 523 S. Belmont ave., Arlington Heights, who was initiated into Kappa Alpha Theta.

Urges More Family Recreational Facilities To Combat Delinquency

Harold H. Jones, Sr., candidate for the Republican nomination for county commissioner (suburban area) for the principal platform plank demands the appropriation of $2,500,000 for supervised recreation in the forest preserves to combat the rise of juvenile delinquency.

Jones declared:

"The rise of juvenile delinquency matches the rapidly increasing population in the country towns of Cook county. The generally accepted present day policy is to shift the responsibility, after the act has taken place, that adds still another to the total of youthful criminals.

"The Cook county commissioners, being the highest governing body of the county, have the direct responsibility of meeting the challenge of juvenile delinquency in the suburban areas. The supervised recreational program would divert the potential juvenile delinquent.

"We now have bridal paths and golf courses in the forest preserves, which are too expensive for the modern youth. They can and will participate in the use of supervised playgrounds, baseball and softball diamonds and activities paralleling the program of the small parks throughout Chicago.

"We already have our forest preserve," explains Jones, "and the added cost of such a program is far less than we are now spending in our courts and for extra probation officers."

Open House At O'Hare

Capt. William W. Black, commander, 264th communications squadron, operations, now located at O'Hare international airport, Park Ridge, has announced an open house Sunday, April 11, 11 a.m. to 4 p.m. Free round trip bus service between Des Plaines and O'Hare will be furnished. The bus will leave downtown Des Plaines at the railroad station at 11 a.m., 1 p.m., and 2 p.m.

Parents of young men between the ages of 17 to 18½ are urged to meet with officers of the squadron and learn of 1-D (draft deferred) draft classifications available to those who enlist prior to reaching the age of 18½.

Music Educators In Final Dinner Meeting

The In-And-About-Chicago Music Educators Club will hold the last dinner meeting of the year on Monday evening, April 12, at 6:00 p.m. at the Chicago Bar association, 29 S. LaSalle st.

At Carthage

Allan Dunteman, son of Mr and Mrs. Roland Dunteman, Irving Park at Wolf rd., Bensenville, has been accepted for admission at Carthage college for the 1954-55 academic year.

Allan, who will graduate from Leyden community high school in Franklin Park this spring, has been active in football, baseball, band, orchestra, drama, boys' club and "L" club and was captain of the wrestling team.

At Normal

Seniors on the point of leaving high school who wish to teach are urged by Illinois State Normal university officials to ask about state awards to help them through college.

Hundreds of awards are overlooked each year because students do not know they may obtain state assistance. Students ranking academically in the upper third of their graduating classes are eligible for scholarships worth $400 to $500 each over a four-year period.

Among the students now using state scholarships at Illinois State Normal university from schools in this area include Bernard Brock, 30 S. Chestnut, Arlington Heights, a senior.

Farm Income Higher Under Variable Price Supports

Net farm income would be higher in the long run under a variable price support system for farm products then under a high rigid price support system.

This statement was made here by Charles B. Shuman, president of the Illinois agricultural association. He spoke at an annual spring conference of nearly 1,000 farm bureau leaders from all sections of Illinois.

"Farm prices are not really made in Washington," Shuman said. "Prices for farm products are set when consumers buy these products. How much of the commodity is available and how much consumers are willing to pay for it are the final factors in determining what the price will be."

* * *

UNDER PRESENT high, rigid price supports are 90 per cent of parity for basic crops, huge amounts of farm products have been put into storage by the government, the IAA president said. The IAA is the statewide Farm Bureau organization.

"This government policy of putting farm products into storage just delays letting the laws of supply and demand operate to set prices for these procucts," Shuman declared.

The IAA leader used eggs as an example of how high price supports have failed. While under 90 per cent prices supports in 1950, eggs brought farmers only 72 per cent of parity and consumption was 386 eggs per capita.

* * *

WHEN PRICE supports were removed at the end of that year, eggs brought farmers 89 per cent of parity in 1951 while consumption rose to 395 per capita.

In 1952, farmers received 82 per cent of parity and consumption was 407 per person. In 1953, it was 99 per cent of parity and 397 per capita.

"Today, without price supports, eggs are selling for 107 per cent of parity," Shuman said.

The IAA president declared he has detected recently a considerable shift in thinking of farmers regarding price supports. More and more farmers are coming to favor a system of variable price supports for farm products, he said.

* * *

"FARMERS have seen how farm prices have fallen 21 per cent in the last two years even though basic crops were supported at 90 per cent of parity levels by the government," he declared. This has led many farmers to believe thay would have received a higher income if variable supports had been in effect.

Many farmers know that if prices for crops don't vary, the amount of acres for those crops must be varied, Shuman said. This acts to reduce net farm income, he stated.

Shuman also said the IAA will support the constitutional amendment to reapportion the state of Illinois. He was recently named co-chairman of the committee which will work for passage of the amendment.

Down and Around Goes Silage as Push Button Takes on Feeder Job

By IRA MILLER
Farm Electrification Bureau

As farming operations expand so does the work load. Finally one catches up with the other and a farmer either has to give up the idea of "getting bigger" or dream up a new idea to handle his growing problems. And, with farm labor scarce these themselves, they literally have placed their silage on one. First, these ingenious farmers built a concrete platform around the silo—locating it at "feeding" height for their cattle.

A feeder trough was laid on the platform and rollers built under the trough so that it would rotate around the silo. Next, two wheels and tires from a junked automobile were lo-

Merrily the feed trough rolls around the silo.

says his dreams must run along mechanical lines.

An Indiana farmer, his son and grandson found themselves in that position recently when their livestock program grew beyond their ability to handle it economically. One of their biggest jobs was feeding 150 head of short horns fast enough to save enough time to keep up production of 1,200 head of Hampshire hogs a year and perform countless other chores on their 444-acre farm.

The answer to the problem came in the construction of one of the most novel silage self-feeding arrangements so far developed. Now, rather than being on a merry-go-round eated under the outside rim of the trough and a ¾ horsepower motor "hitched" up to mechanize the device.

At present one of the three farmers starts the "merry-go-round" feeder in operation and then climbs into the silo to pitch down the silage. Later they plan to install a silo unloader to put the feeding job on a completely automatic basis. Thirty head of cattle can eat their fill as the trough revolves slowly around the silo. The entire job is handled by one man. The total investment in materials and labor come to approximately $350, a another "farm-grown" electrical idea paid off in many hours saved in time and labor.

LAW on the FARM

Legal Weights and Measures

In 1921 the Illinois legislature revised the state law on weights and measures to provide that "the weights and measures received from the United States under joint resolution of congress approved June 14, 1836 ... and such new weights and measures as shall be received ... and ... supplied by the state in conformity therewith and certified by the National Bureau of standards of weights and measures."

Among the laws on weights and measures are the following:

* * *

COMMODITIES SOLD in package form must have a weight, measure or numerical count conspicuously marked on the package, unless they come under certain exceptions provided in the law.

Butter, oleomargarine, and bread must be sold by weight.

Milk bottles and barrels for fruits, vegetables and dry commodities must meet certain standards specified in the law.

The unit of length from which all other measures of extension are derived is the yard. A chain for measuring land is defined as 22 yards, a rod as 5½ yards and a mile 1,760 yards. "The acre for land measurement shall be measurement shall be measured horizontally and contain 10 square chains ..."

* * *

THE GALLON has been similarly designated as the basic unit of capacity for liquids.

A cord of wood is required to contain 128 cubic feet.

Following are some bushel eights specified by law: Alfalfa seed, 60 pounds, Soybeans, 60 pounds; bluegrass seed, 14 pounds; pounds; clover seed, 60 pounds; coal, 80 pounds; ear corn, 70 pounds; shelled corn, 56 pounds; lime, 80 pounds; oats, 32 pounds, irish potatoes, 60 pounds; sweet potatoes, 50 pounds; and spinach, 12 pounds.

* * *

THESE WEIGHTS and many others designated in the law are standard and apply in all cases where the parties to a contract have not agreed to some different weight. These statutory designations make no allowance for difference in weight, resulting from quality, moisture content or other causes. Presumably the legislature felt that if the buyer (or Seller) wished to vary the statutory weight, the way was open for them—through voluntary agreement or contract.

It may be argued that the law itself should make some provision for certain customary practices—such as taking the moisture content of corn—and thus relieve the parties of the necessity of entering a special agreement. It has been pointed out, for example, that the amount of ear corn required to make 56 pounds of shelled corn may vary as much as 20 pounds, depending on moisture content. Some grain buyers apparently rely on posting as authority to buy at a weight other than that specified in the statute. The effect of this is doubtful, since the law contemplated an agreement between the parties.

State Swine Growers Plan April Meeting

Swine growers will find it a profitable day spent if they will attend the annual swine growers' day held at the University of Illinois Urbana April 15.

Subjects that will be discussed are:

Crossbreeding results with swine; soybean oil meal and fish meal as sources of supplementary protein for pigs; protein levels for growing pigs, Ladino clover for bred gilts and sows; your hog business; more profit from modern feeding management and breeding methods and more profit from modern meat-type hogs.

The meeting starts at 10:00 a.m. at the University auditorium.

Broiler Growers To Discuss State Wide Organization

Broiler raising has expanded so rapidly in Illinois that growers are thinking of organizing a statewide association, according to farm adviser Carl F. Mees. They are one of the few large groups of agricultural producers who as yeat have no state-wide organization, whe says, although several local groups are organized.

Plans for a state organization will be discussed April 9, at 7:00 p.m. at a meeting for northern Illinois growers in the LaSalle county farm bureau building in Ottawa.

* * *

ALL BROILER raisers and others interested in the broiler business are invited to the meeting. It will be one of the two meetings in the state to discuss organization.

A group of producers headed by Rudy Bertschi of Tremont is sponsoring the meetings. They claim that a state organization could foster an educational program for broiler growers, advertise Illinois broilers, help develop an orderly marketing system, facilitate an exchange of ideas among growers and promote mutual interests of those interested in broiler growing.

* * *

BERTSCHI WILL appear on the program to outline what a state association could do. H. M. Schott, University of Illinois poultryman, will discuss trends in broiler feeding and management; and Emer Broadbent, University of Illinois poultry marketing specialist will explain the importance of broiler raising in Illinois.

Trevor Jones, Havana grower, will discuss the development of broiler raising in northern Illinois at Ottawa.

Try Forage Sorghums On Your Extra Acres

Why not plant sorghum on those extra acres if you plan to stay within corn allotments? You'll probably get a crop that has about the same feed value as corn.

W. O. Scott, crop production specialist at the University of Illinois, says sorghums rate high in feed value. Moreover, they resist drought, and some varieties are tolerant to chinch bugs.

* * *

USE THE SAME cultural and fertility practices on sorghum that you use on corn. But wait until the soil warms up before planting it, Scott cautions.

Kafir types are tolerant to chinch bugs, but they can't be harvested with a combine.

Forage varieties Scott recommends Elliss.

Grain varieties present harvesting and storing difficulties for Illinois farmers, Scott explains. The Kafir variety Scott suggests is Black Hull.

* * *

YOU CAN EASILY harvest milo type of grain sorghums with a combine. These types are not resistant to chinch bugs.

Milo varieties Scott suggests include Reliance and Early Hegari.

Plant forage varieties at the rate of about 5 to 8 pounds of seed per acre. For grain types cut the rate to 3 to 5 pounds per acre.

Treat the seed with Ceresan M or Panogen to protect against seedling diseases.

* * *

GRAIN SORGHUMS will yield about 50 to 80 bushels of grain per acre. Forage types will probably produce more tons of silage per acre than corn.

If you want to plant sorghums, you'll probably have to order seed from some of the western states. There aren't many suppliers of seed in Illinois Scott says.

Early Chick Hatchings Setting New Records

Poultrymen who haven't started baby chicks yet will be too late to hit the high-priced egg market this fall. And competition will be keen.

Emer Broadbent, University of Illinois poultry marketing specialist, says that more people bought baby chicks in January and February this year than ever before.

In Illinois about 12 percent more baby chicks were started in January and February this year than were started in the same two months of 1953. In the nation, 60 percent more chicks were hatched in January and February 1954 than in the average January-February period between 1948 and 1952.

* * *

LAST YEAR'S extra good egg prices have probably caused the heavy hatchings, Broadbent says, and we can expect a heavy supply of eggs this fall. He says prices will probably be highest in October, but the peak won't be so high as it usually is.

Broadbent expects prices to be down about five cents a dozen from the 1953 average. Feed costs will be higher, too, he says, but for the good producer eggs should be profitable.

Louis Howard Named Dean Of Ag. At Illinois

Dr. Louis B. Howard, associate director of the Illinois agricultural experiment station, has been named dean and director of the University of Illinois, college of agriculture. Dr. Howard will succeed Dean R. R. Hudelson who retires on September 1.

As dean and director, Dr. Howard will serve as dean of the college, director of the Illinois agricultural experiment station and director of the extension service in agriculture and home economics.

A NATIVE of Illinois, he was born in McLean county on February 5, 1905. He received his bachelor of science degree from Purdue University in 1927, his master of science degree from the University of Chicago in 1928 and his doctor of philosophy degree from that school in 1931.

Easy Aid for Soybeans

Counting on soybean bacteria left over in the soil by the previous crop can be costly, farmers' experience shows. Experiment station studies prove that soybean bacteria are easily killed by drouth, wet spells, sour soil, and many other things. Too, leftover bacteria may lose their power to benefit the next crop.

Illinois farmers ran tests on this last year. They planted some inoculated soybeans, and some without inoculation, on old soybean land. Freshly inoculating the seed paid a net profit of up to $11.51 an acre, even though soybeans had been raised on the same land before.

It takes only a couple of minutes and about a dime's worth of material to inoculate soybeans for an acre, so a yield increase of only 8 pounds per acre more than pays. Fresh inoculation often increases yields several bushels per acre, even when soybeans were grown on the same field recently.

This information, with supporting experiment station facts, is detailed in a new illustrated booklet. You can get your free copy of "Why Inoculate Soybeans Every Time?" from your seed dealer or from The Nitragin Co., 3101 W. Custer Ave., Milwaukee 9, Wis.

How Mooseheart School Operates Own Dairy Farm On TV Show

How 775 boys and girls produce their own milk and other farm products will be told on the "Farmtown, U.S.A." television show Sunday, April 11.

Children at Mooseheart are from homes broken by death of members of the Moose lodge. The community is almost self-sufficient, made partly so by the extensive farming operations.

"Farmtown, U.S.A." may be seen each Sunday at 2 p.m. (CST) over station WBBM-TV channel 2.

Farm Bureau Gives Parity Cut Program Its Blessing

American farm bureau federation by unanimous action of its board of directors on a recommendation of its national dairy advisory committee approved the following statement on dairy price supports.

"The recent action of the Secretary of Agriculture in lowering support prices on milk and butterfat from 90 per cent of parity to 75 per cent of parity is a matter of vital significance to dairy farmers throughout the country.

"In view of the large accumulation of stocks by the commodity credit corporation and the record-breaking milk production of 1953 and early 1954, and bearing in mind the language of the law authorizing the secretary to set support prices at a level which will assure an 'adequate supply', we believe that the decision of the secretary to support the price of milk and butterfat at 75 per cent of parity was justified.

* * *

"IT HAS LONG been recognized production controls are necessary if the price of a commodity is to be supported at a level which encourages production to outrun consumption. Inasmuch as there appear to be no feasible methods of applying marketing quotas or other effective controls on dairy production, we believe maintenance of support prices on milk and butterfat at levels which would encourage continued production in excess of market demand would prove more costly to dairy farmers in the long run than will the announced program of price supports at 75 per cent of parity.

"We further believe the 75 per cent support level will result in a substantial increase in the demand for dairy products and that there should be opportunity to appraise its effect on consumption before consideration is given to such programs as the so-called 'roll back' approach or a 'bargain sale' of commodity credit corporation stocks.

* * *

"ANY PROGRAM which will lead consumers to expect to buy butter and other dairy products for an extended period at less than their cost is unsound. A long drawn out program of that nature would result in extremely serious damage to the dairy industry because of consumer resentment when the program was over and prices advanced. The severe repercussions on the dairy industry following the ending of OPA are still fresh in our minds.

"We again endorse the American farm bureau's national program for the dairy industry as being the most practical and effective solution to the dairy problem.

"We endorse the recent statement of the executive committee of the AFBF urging '(1) Secretary Benson to assure the dairy industry (a) that the current CCC dairy stocks will not be sold domestically at prices which will make more difficult the adjustments dairymen are making, (b) that every effort will be made to sell as much of such stocks as possible in foreign markets and (c) that a system will be developed for revolving CCC butter holdings by replacing first those stocks which have been held the longest.

'(2) That a nation-wide merchandising program be inaugurated now to sell quality dairy products. The cooperation of retail groups, dairy associations, dairy companies and others will be sought.

* * *

'(3) THAT IN VIEW of the apparent need for research on proper conditions for long-time storage of dairy products, we recommend that the Department of Agriculture allocate sufficient quantities of CCC stocks for this purpose as well as for studies and research in the fields of dairy product nutrition, experimental cooking, etc., by agricultural colleges, high school home economics departments and others.

'(4) That an intensive nation-wide dairy culling program be developed. The program would necessarily be largely educational. The possiblity of government action to stimulate culling might be explored.

'(5) That every effort be made by all interested agencies of government and private groups to increase exports of butter, cheese and powdered milk.' "

No 'B' Girls Here, Just Turkeys That Stay Home

John V. Petkus, St. Charles, boasts that his turkeys are "pampered from the day they're born until they reach the dinner table."

Most of the turkeys undoubtedly would disagree with the thought that gracing the dinner table constitutes "pampering" but up to that point anyone will agree that they certainly get special treatment.

The 1000-bird flock is broken up into small groups of 50 and 75 which Petkus has found is the size for best compatibility. Note that turkeys must be kept compatible just as cows must be contented.

* * *

RUNWAYS LEAD from the pens inside the Petkus barn to the outdoors, providing means of getting fresh air and exercise. He keeps the barn heated in winter which ordinarily would pose problems in humidity and insulation.

The moisture caused by 1000 birds would be damaging to the walls of the old barn unless allowed to escape. But if the building were too well ventilated the heating bills would be out of reason. Insulating siding helped solve the problem. It was installed over furring strips which provided a vent behind the siding through which moisture could escape to the outside. It is helped along its way by a forced ventilation system.

The insulating siding, with its base of ½-inch insulating board, also keeps fuel bills at a reasonable figure. The siding helps in yet another way by reducing the amount of time spent on building maintenance, since it requires no painting or staining.

MORE Farmers Have Planted DEKALB than ANY OTHER Seed Corn

In 1953 5038 Farmers averaged 101.16 bu. of DeKalb per Acre

In 15 years 52,306 Farmers have averaged 99.04 bu. of DeKalb per acre

*All yields made on selected 5-acre Contest Plots.

This year—because of acreage restrictions—RESULTS will count MOST. Every acre MUST produce MORE. The BEST GUIDE in choosing your seed, is to plant the Corn that is PERFORMANCE PROVED.

Last year, in DeKalb's Selected 5-Acre Corn Growing Contest, 5038 farmers averaged 101.16 bushels of DEKALB per acre. In 15 years of the Contest, 52,306 farmers have averaged 99.04 bushels per acre. These yields were made right on the farmers' own land—under many different soils and weather. They offer conclusive evidence of DEKALB's yielding ability—its outstanding adaptability—its year in and year out Dependability.

This Spring—every Spring—make sure of the seed you plant. Plant DEKALB.

High school wins at Bensenville.

Tuesday, April 1, was one of the biggest days in the history of Bensenville. Following the successful high school election, the entire school from Mr. Fenton, the principal, to Mr. Shattuck, the janitor, paraded through the streets to the roars of lusty cheers of all the school children. Bad roads prevented the Itasca high school girls to get to Bensenville to help celebrate the high school election, so they held a fudge party at the Pierce home where they enjoyed music, dancing and a general roughhouse.

THE PRIMARY

by STUART R. PADDOCK

They tell us that there is to be a primary in Cook county next Tuesday. With one or two exceptions, nobody seems to know very much about it. There are nine men, aspiring to be nominated as Republican candidate for U. S. Senator.

None of them has shown sufficient strength to secure the endorsement of the Republican organization. Gov. Stratton's early announcement that this would be an open primary has at least unearthed a lot of candidates.

Joseph T. Meek and Park Livingston appear to have an edge on the other seven, with Meek the favorite downstate. He also has strong backing in certain sections of Cook county. We are not going to use good newspaper space to mention the "also rans."

•

The office of state treasurer was a free-for-all race until the last few days when somebody ordered the organization to mark Warren Wright for that position.

•

Marguerite Stitt Church, our congressman, is doing such an excellent job that she has no opposition. People of this area are in agreement that she should be kept in Washington. There is little danger that a Democratic opponent will defeat her in the November election.

•

Another favorite throughout this area is Mrs. Van der Vries, candidate for the legislature. Arthur W. Sprague is her running mate as there are two to be elected. They have as opponents two unknowns in these parts, Bailey and Carroll.

•

We do not know what is so exciting about the job of state central committeeman, of which three are to be nominated, but there are eight candidates. Our good friend, Jackson L. Boughner of Palatine is first on the ballot and we hope will be nominated. His two running mates are Deering and Volenec, all of whom have endorsement of the organization. There are five other candidates.

•

We could say some nice things about the service of Arthur Bidwill, but he is unopposed and is certain of nomination and later election. He keeps in constant touch with his constituency and seems never too busy to "come out and see us."

•

The only really important offices to this area is that of the county board. The ever popular William N. Erickson has no opposition for president of the county board, but has plenty, as member of that board, to which he must be elected to serve as president.

We understand that he has a little fight in his home township, but it is certain that the country towns of this area will give him support. He has attended too many of our shindigs to be forgotten at the polls. The four other candidates likewise endorsed by the organization, include Fred Fulle, of Des Plaines.

He is a newspaper man and we are for him. Other endorsed candidates and the area which they represent are Makler, Chicago Heights; Dolezal, Cicero, and Chaplain, Northbrook.

•

If a sizeable Republican vote is gotten out next Tuesday, the credit can only go to the township organizations. With two candidates for Palatine committeeman, there is certain to be a big vote. Wheeling, Elk Grove, Schaumburg and Hanover have no committeeman contests. Any large vote getting in those townships will depend upon how much the job holders are willing to give of their time for the welfare of the party.

•

Democrats? Yes, they have a ticket also, but that party is so well organized that there are practically no dissenters. That party will be resting up for the big battle in November when they hope to be able to throw those Republicans out.

Arlington Heights Safety Campaign

Conducted under Sponsorship of Lions Club and Police Department

April Program In Child Pedestrian And Bicycle Safety

"DRIVE SLOW! CHILDREN MOVE FAST!"

That warning was issued to Arlington Heights motorists today by Chief of Police, Carl H. Skoog, as he opened the April Child Pedestrian and Bicycle Safety program the Arlington Heights Police and Arlington Heights Lions Club are conducting during April.

"Youngsters often seem to materialize out of thin air, right into the driver's path," Chief Skoog said. "A motorist must think quick and act fast to avoid hitting them when they dart out from behind parked cars or cross streets in mid-block. That's why a motorist must be alert every minute he's behind the wheel."

Calling attention to the appalling toll of young lives taken by traffic accidents each year (over 200,000 children under 15 years old, injured and killed in 1952) Chief Skoog reminded motorists that every driver has a personal responsibility for the safety of the children he meets in traffic.

Chief Skoog listed the following actions of child pedestrians for which motorists should be on the look-out (National Safety Council statistics on their toll in injuries and deaths for 1952 are given in parenthesis):

1. Playing in the roadway (23,000 injured and killed).
2. Darting out from behind parked cars (22,000 injured and killed).
3. Riding bicycles (22,000 injured and killed).
4. Crossing at intersections (12,000 injured and killed).
5. Walking in the roadway and hitching on vehicles (2,000 injured and killed).

"It's natural for youth to be impulsive," Chief Skoog said, "and drivers must be aware of this in order to protect youngsters from the consequences of their own heedlessness."

He advised motorists to be especially careful when driving in areas in which youngsters are likely to be found.

"A good rule for drivers to follow," he said, "is to always expect the unexpected from children." "Children are precious, Arlington Heights cannot spare a single child."

QUITE CONTRARY

BY MARY

We have pulled some darling boners in our life but our last is without a doubt one of our top-ranking lulus. A very dear friend of ours is in the hospital getting herself built up to undergo major surgery. She is scared, we are scared, he she, and it are scared. So, we have been thinking up loving little ways to keep her mind off her coming whittling.

We had read that a book, "Not As A Stranger" was just a pip-eroo, the very latest thing, and a wonderful book. We admit that we had not read any of the reviews too closely but a good book is a good book in our opinion. So we gave it to her.

She informed us the other day that it certainly was a good book and that the description of her forthcoming operation had been included in the pages, fictionally treated of course.

We murmured that it certainly was a coincidence and felt very proud of ourselves for having picked such a timely novel for her. Our friend then went on to say that she certainly had enjoyed it but the woman in the novel died three days after the operation.

"Well, well," we said, casting about in our brain for loud words of cheer and then settling for laughing hollowly. We shall censor all future gifts of reading material for the ill, even Elsie Dinsmore.

•

That first day of warm weather, while more than welcome, is a puzzler too. As our small fry droop into the house after a day at their houses of learning, they start shedding. Draped over the house and the yard are jackets, then shoes, and boots, and then it is just a question of minutes before they start rummaging for last year's shorts and halters.

We expect them to ask any moment when the pool is going to open. Mothers, at this stage of the season, go mad trying to know what to put on the little dears.

It all takes us back to the olden days whe nwe were a girl and had to keep that long bunchy underwear on until the first of May. It didn't matter what the weather, the long stockings and that itchy stuff stayed until May day.

Then, and only then, were we allowed to roll our stockings down below our knees. It is a wonder we didn't die of heat prostration.

"No, children, you may not go barefoot yet."

Justice—And Revenue

Many of us who are new residents in Arlington Heights soon may be helping to make this, our home town, a better place in which to live — at least, let us hope to make it more gracious!

One of the peculiarities I have only recently run into occurred when I received a traffic ticket March 10. (I am not going to claim that I am not, technically, guilty; but who, morally, is more wrong?)

But of more interest to the "governed" is the quaint and questionable manner in which the ticket was "paid".

I inquired in our town as to where this might be done and was advised that it was not in the police station — someone thought it was near a candy store. There being several of the latter, I walked around the town, asking here and there. Finally, about the sixth person I met, a realtor recalled, but advised I couldn't pay the fine that day — the Barbershop was closed!

* * *

FRIDAY I went at it again. I looked for some sign on the barbershop that would indicate it was an authorized police agency; found none. One of the barbers (there were several advised that he had been hired the last dozen or so years to determine and collect the fines. He began questioning me about my motives in committing such a crime, and punctuated by the screams of a very young man getting a haircut, advised that he had not gotten a copy of he ticket; pondered, then "determined" and stated: "The best I can do for you is $8.00".

Most quaint, I thought, was his next statement: "I have no receipt for you — will send it to you later."

I assured him I would pay him nothing. He was a stranger, with no badge of authority, in a barbershop I had never been in (unaccustomed as I am to going to barbershops) - and offered me no receipt for my cash! In my opinion, anyone would have had to be a fool, under such circumstances to have paid him even 15c!

* * *

APPARENTLY I did not fare as badly as one Chicagoan who drove through our town a few weeks back. In accordance with the instructions printed on his traffic ticket, he drove to Arlington Heights, in a vain attempt to pay his fine. In fact, he drove up twice (a minimum of 100 miles of driving) in accordance with instructions, and found no one available to whom he could pay, either time. Therefore, compelled to come back the third time and go to court, he asked what appeared to be a perfectly normal question: "Why was no one available to whom I could pay the fine, when the ticket advised me I should pay within 48 hours?" The answer he received: "That is your privilege". That answer (which we will dignify by calling evasive) was repeated to him again, when he again asked the question: "But why was no one available to whom I could pay the fine?"

The $8.00 fine which they attempted to impose on me is another instance of legalized robbery some small towns' "authorities" consider ethical. In my two-mile circuit to the train, I have eleven stop signs! This means that I am compelled to stop oftener than every two tenths of a mile! The "sliding stop" for which I was arrested, occurred at a street that comtinued on for one block! — a street for which all the through traffic is made to stop! Because of this type of indiscriminate use of stop signs, I have often noticed much disregard for them in our town. The multitudinous arrests for this offense will bear me out in this!

These, the convicted, and the hundreds of Arlingtonians who don't get caught, but do the same thing, are not completely wrong, either. Excessive stopping enhances accident possibilities — especially in wet or wintry weather.

* * *

THE "COURT" advised some of the defendants that if they cared for children they would stop completely for all signs. Driving through the loveliest section of our town, you will find not one stop sign except for State Rd., where they are actually required. Somehow, I feel sure these people do not love their children the less, but rather have too much common sense to believe that peppering their area with numerous stop signs woll solve traffic problems!

It is a fact that within ten seconds after a "stop" in today's cars, a motorist can be driving 40 MPH if he so chooses! Stopping hasn't made him mentally or physically, a more capable driver. Enforcement of sensible, realistic speed limits and a courteous appeal to motorists, common sense is by far more effective. This method has the disadvantage of requiring more diligence than it requires to hide near an intersection.

If we are sincerely concerned with safety, rather than the revenue we can collect, we would employ qualified people to study our traffic problems and abide by their judgments.

When personal revenue is increased with each arrest, and further increased with each "guilty", it becomes difficult to believe that Justice can prevail!

* * *

AS WE ARE speaking of revenue - "Welcome to Arlington Heights" were not the first kind words we received. Rather, a police officer was sent to our door within the first weeks of our residence and handed us a notice which stated similar to this: "A warrant will be issued for your arrest if you do not get a dog license within five days!"

Of course, things can always get worse. I may forget on which day I am authorized to sprinkle our lawn —and get 20 years!

Keep Fighting, Joe

The Hon. Senator Joseph R. McCarthy!

An apology to you Joe for not writing sooner but I can not think of a more opportune time to congratulate you for doing a good job under communist pressure.

Joe, as an American I'm shocked at the complacency and gullibility of some people being swayed by a communist minority.

I believe that if you have love in your heart you must also have hate — yes hate to expel and destroy the thing that will tear down the things you love! As an example, Joe — you love Jean but your hate would boil if someone would try to attack or hurt her. I believe you would use any method to expel or destroy anything that would hurt the thing you love.

The farmers love their crops but they hate weeds — if the farmer does not destroy the weeds they will destroy him. He has no choice.

Negotiating with weeds is like negotiating with communists, who have only one philosophy, to grow and destroy the American way of life!

Could you visualize the damage and mass murders the communist spies are capable of in sabotage during a war, if given a foothold and the 5th amendment? This alone would scare me into action!

During 1945 I had the privilege of being in charge of approximately 15,000 Russian displaced persons in Germany for two weeks. After talking to all their leaders I could not find any who wanted to go back to Russia. Most of them trembled when the question was asked. Later in England I read that the majority were forced into cattle cars and transported to Russia where they were promptly machine gunned, for knowing how the other countries' people lived!

Joe, I'm for sending the "Red Herring" to their "Commie" heaven for 6 months; then their perverted minds would be straight and they would be our best boosters. I'm sure they would acquire a true love for America and a terrific amount of hate for the communist way of life.

You sir have a dirty job—dealing with filth, that is expected; criticism too is expected, but please consider the source. I believe no American will criticize you unless he has a better method of accomplishing your job. Thus far I have not heard of any suggestions.

Family Reunion

This is a real treat for us to have our family reunion with our son, James F. Theis, coming back home form Korea after serving 18 mo. with Hdg. Co. E. C. B.

We thank the Commanding Officer at the J. Connally A. F. B. in Waco, Texas to arrange for Philip P. Theis to be here with us and to help arrange this for us, to include our son Michael who attends Ill. Wesleyan College, and Thomas J. Theis, just arrived back from a month's vacation in Florida. Johnny has been holding his own at Arlington Heights high school.

James and Phil are the thankful for the wonderful service of the Herald every week of the year. It was like a letter from home. James found several friends from Arlington Heights through the Herald, and they were within walking distance from his station.

We hope this paper continues to reach these boys out in the far away places. We all would like to thank Mr. Paddock for his fine work here in Arlington and to include his fine work thru-out the world.

How About Gates?

In regard to the Lions club editorial on safety—

We are in full support of your drive for safety, but we think the one who wrote the editoral on safety in the April 1 Arlington Heights Herald, should have read the Herald of October 22, 1953, and that would make it very clear why the three young men are not here to read your editorial.

We feel prompted to inform you that it was not the young men's careless driving, or disregard for traffic signals, but the complete negligence of the towerman, who admitted at the inquest he had had a drink before going on duty in the tower, and did not lower gates, thus causing the three young men to be killed by a fast freight train. Yes, this is the correct reason why the three are not here to read your editorial on safety.

We wonder, after so much talk at the time to insist that the railroad install electric gates at all our crossings for your protection and ours, what has been accomplished in this safety measure?

JUST AROUND THE CORNER

FROM PATTY McARDLE

Dear Peg:

I am once again attending the "Preparing for Childbirth" classes. In the past we referred to the lectures and exercise periods as "Natural Childbirth" classes. However, since the words "natural childbirth" have, in recent years, been misunderstood and incorrectly interpreted, Dr. Solomon's choice of title, "Preparing for Childbirth," seems to have a more appealing quality to the patients.

That "natural childbirth" is the ghastly experience of a sort of self-hypnotized mother-to-be, who endures all the awful pain of childbirth just to prove she can have a baby without the use of anesthetic, is a popular misconception. "Natural childbirth," of course, should be defined as the most comfortable and uncomplicated delivery possible, the success of which depends upon the patient's knowledge of her body's function at this time and the conditioning her body has had during the months of pregnancy.

* * *

THIS THEORY is not based on the premise that childbirth is painless (Grantly Dick Read's ideas nothwithstanding). It is based on the premise that child bearing is a natural function of the body and therefore can not be an unbearable and agonizing experience. The pain associated with it has been exaggerated through legend, superstition and ignorance. Through proper education and helpful, correct exercise most of the pain can be eliminated.

During our first lecture, we were shown an excellent film on reproduction (one that left no doubt in mother-to-be's mind as to how she got that way!) and Dr. Solomon talked about the origins of the fears of childbirth and how in the months ahead he will attempt to replace these fears with good, sound knowledge.

As soon as we accept the hypothesis: fear causes tension which causes pain, we accept the theory of "natural childbirth." It is not difficult to believe that fear causes tension. If we wake up during the night and hear an unfamiliar or frightening noise our hearts beat faster, our bodies are tense and our limbs feel almost paralyzed.

* * *

NOW IF WE REPLACE this fear of an unfamiliar noise with the fear of an unfamiliar feeling, the same tension will result, and if the unfamiliar feeling is associated with any of our natural body functions, we will surely lower the efficiency of that function through the resulting tension. So it happens in childbirth when a mother knows little or nothing of what's happening to her.

At the first sign of a labor contraction, she becomes tense (probably trying subconsciously to protect herself from all the dreadful pain that her mother and grandmother told her about) and as she becomes tense, that part of her body that should be most relaxed, allowing for the opening of the way for baby's trip into the world, is rigid in her vain and agonizing attempt to hold the baby inside.

* * *

AND SO, before the mothers-to-be in our class deliver, they will know what to expect from the beginning of labor to the birth of their babies. They will know how to tell when they are in the first, second and third stages of labor and just where the baby is during these stages. They will know that the discomfort or pain that they feel is simply the baby moving along on its way—and thank heavens it is!

Through the instruction on how to breathe properly during labor, the mothers-to-be will be able to relax with slow, deep stomach-breathing during the first stages of labor, and able to catch deep, fast diaphragm breaths to help boost the little one out, in the last stage of labor. We also do solemnly promise Mrs. Johnson, Dr.'s nurse who instructs the exercise classes, to sit on the floor tailor fashion, to squat rather than bend over when picking something up, and to scrub the floor on our hands and knees.

My love,
Patty.

Illini Club Honors Outstanding Seniors

On Friday night, April 2, the Illini club of Chicago, representing 25,000 alumni of the University of Illinois, held its annual father and sons dinner at the Union League club, attended by 250 members and guests.

One hundred and twenty-four high school seniors were honored guests and were presented certificates by the Illini club. These students were selected by their individual school administrations and were selected on the basis of outstanding leadership and scholastic ability.

Among the honored guests or speakers from the University were President Lloyd Morey; Herbert Megran, new President of the Board of Trustees; Fred Turner, Dean of Students; Douglas Mills, Athletic Director; Col. Melton Hatch, ROTC Commandant. James Cleary, 227 Sheridan, Kenilworth, was master of ceremonies. Chairman of the dinner was Silas Cartland, Park Ridge.

Among those attending:

Arlington Heights high school, David Brant, 615 Mayfair rd., Arlington Heights, Robert Ellis, 612 Burton pl., Arlington Heights.

Palatine high school, Robert McKee, Inverness Countryside, Palatine, Norman Stenzel, 135 Warren ave., Palatine.

Dr. Edward Press, associate director, division of services for crippled children, University of Illinois, will be guest speaker at the state meeting of the United cerbral palsy association of Illinois Saturday, April 10 at the Knickerbocker hotel, Chicago.

GET SET NOW TO BEAT THE HEAT

Right now is a good time to have summer air conditioning installed in your home, according to the National Warm Air Heating and Air Conditioning Association. This time of year marks a seasonal lull in the house heating and air conditioning business, so your job will get prompt attention.

Many home owners have decided (as a result of heating problems endured during the winter) that this is the year they will have a modern, up-to-date, automatic furnace installed. But they will delay having the job done until the very end of the heating season.

"This means," says the Association, "that the services of warm air heating and air conditioning contractors are more readily available now than they will be a little later on in the spring or summer months. So, if you have been planning on having a modern, year-'round air conditioning system installed, now is the time to have the work done."

Then you can enjoy pleasant, cooling comfort in your home right from the very first hot days of summer, instead of having to wait until the summer is almost over before the contractor can get around to installing your cooling unit.

"Home owners whose homes are already equipped with forced warm air systems are fortunate when it comes to summer air cooling," states M. Kraft, of Circle-Aire, local dealer-member of the National Farm Air Heating and Air Conditioning Association. "The duct work is already installed and can be used to distribute cool conditioned air for summer cooling as well as warm air for winter heating. This means a considerable savings in duct installation costs."

"Central system year-'round air conditioning is enjoying a rapid growth in home owner popularity," reports Mr. Kraft. "It is proving to be an important home comfort item in both the home modernization market as well as the new home market."

Now You Can Serve Pink Mushroom, Muscatel On Walls Instead Of On Table

Proper mixing of paint before it is applied always has been important—but it's even more essential with the fancy color combinations popular for home interiors nowadays.

If the amateur home decorator wants to serve pink mushroom and muscatel on the walls instead of on the table for instance, he can do it simply by mixing the right standard paint shades.

* * *

PINK MUSHROOM in this case not something to eat, can be made with a 50-50 combination of smoky gray and coral rose paints. And muscatel—no wine, this—is a blend of equal parts of corsair blue and marsh rose, two ready-mixed paints.

There are countless other unusual paint combinations which manufacturers have thought up to meet demands of amateur decorators who want to finish their home interiors with something different. In most instances, equal amounts of specified colors must be mixed to give the desired hue.

* * *

THAT'S WHY many "do-it-yourself" home painters have added a galvanized steel pail to their decorating equipment. Such a pail is much larger than the ordinary paint bucket and large quantities of paint can be mixed in it easily, without any spilling or waste of paint.

As a matter of fact, many amateur decorators also are painting from the pail after the desired point mixture is obtained. The pail is easily cleaned immediately after the job is finished by using thinner to wipe out oil base paint or by using tap water to remove rubber base paint.

* * *

A WIRE, stretched across the top of the pail and fastened to its handle attachments, is a handy device for removing excess paint from the brush during actual painting.

Spring Cleaning Balks Deadly Elm Bark Disease

Spring cleaning your grounds and trees before greenery appears will help curb the flight of the elm bark beetles, carriers of Dutch elm disease.

In spring an ingrown thermostat causes elm bark beetles to emerge over a period of several weeks when new tree growth is getting under way.

To reduce their numbers, fallen and diseased branches and elm wood debris must be burned before foliage unfolds, advises R. G. Carmichael of the Davey Tree Expert Co.

This, together with sprays such as DDT, follow the control measures recommended by the United States Department of Agriculture and other arboreal authorities. A DDT spray has a fairly long, effective life and consequently will help control spring cankerworm, spring webworm and other crawling leaf eaters.

To be most effective, the spring cleaning and spraying should be conducted on a community-wide basis. Garden clubs or other local groups often plan and carry out such a program. The community-wide project is economical, too. Since the spraying can be handled as one large operation, the cost to individual home owners and residents is reduced.

Later applications of DDT of lesser concentration sometimes are required to achieve maximum protection against the beetle scourge and for late infestations of leaf-eaters.

Salads Suitable For Home Freezer

A variety of salads are suitable for freezing. Among those recommended by the home economics institute of Deepfreeze home appliances are fruit salads and vegetables or cranberry aspic salads.

To make a cranberry aspic salad for freezing, dissolve 1 envelope of plain gelatin in ¼ cup cold water. Add ½ cup hot water, to which ¼ teaspoon salt and 1 tablespoon lemon juice have been added. Crush 2 cups, or 16 counces, cranberry jelly with a fork. Add gelatin mixture. Beat until smooth. Brush molds lightly with mineral oil and half fill molds. For home freezer storage, unmold or not, as you please, before sealing in moisture-vapor-proof freezer packaging material. Allow to defrost at room temperature 10 to 15 minutes in original wrapping. Unwrap just before serving on bed of water cress, or lettuce leaves.

When using fresh fruits for frozen salads, combine some citrus fruits with non-acid fruits to prevent darkening. Cottage cheese, cream cheese, cream substitute, or whipped cream used in combination with gelatin as a salad base prevents "weeping" of gelatin as it defrosts. Seal salad in moisture-vaporproof freezer packaging material for freezing. Fruit salad should always be served partly frozen.

Mirror Door Adds Charm To Room

Conveniently placed next to a vanity nook, the ponderosa pine mirror door shown above adds a gracious note to bedroom decor.

Paneled doors are made in economincal stock sizes and designs for both interior and exterior use. Their delicate surface lines catch the light and throw shadows to create texture, which supplies a feeling of home-like warmth and comfort.

Paneled doors appeal to builders who want to give a luxury note to the appearance of new houses, and they are equally well suited to remodeling of older homes.

Make Final Report On Heart Fund Drive

Forty-five awards in the form of Hercules statuettes have been presented to Cook County North chairmen and workers who helped in the success of the 1954 Heart Fund Drive of the Chicago Heart Association.

Contributions totaling $60,868.07, or 185% of the goal of $33,400 have been reported to date in Cook County North by County chairman Walter C. Healy, 647 Garland ave., Winnetka, who also received a Hercules award for his untiring efforts in the course of Heart collections.

Attorney Arthur C. Rooney, 1551 West Old Mill rd., Lake Forest, general chairman of the suburban division, reports total collections throughout the Chicago suburban area to date as $147,633.69, or 164% of the total goal of suburban communities. All contributions are used to further a program of service, education, and medical research in the field of heart welfare.

In Palatine contributions total $33.00; in Arlington Heights $2,746.00; in Mount Prospect $1,390.30; in Northbrook $945.02.

Contributions in Maine Township amount to $4,541.00 with $4,017.00 coming from Park Ridge, and $524.00 from Des Plaines.

Arlington Heights awards went to community Chairman William B. Salzman, 402 North Vail; W. C. Hanson Jr., 314 North Vail, and R. D. Bradle, 534 South Chestnut.

In Mount Prospect awards have been presented to chairman Anthony P. Yunker, 111 South Elmhurst; and to business section chairman J. T. Keefer of Keefer's Pharmacy, 10 East Northwest hwy.

At Chanute Field

Kaye Shelffo, son of Mr. and Mrs. Paul G. Shelffo of 423 Windsor Drive, Arlington Hts., has recently qualified for aviation cadet training according to an air force announcement.

Mr. Shelffo made his application for cadet training with the aviation cadet selection team at O'Hare international airport. He completed his testing and qualified for aviation cadet training at Chanute air force base, Illinois, by passing the written aptitude, physical, and psychomotor examinations.

As an aviation cadet Mr. Shelffo will receive 14 months of intensive training. Upon graduation he will be commissioned a 2nd Lieutenant in the Air Force.

Mr. Shelffo graduated from Arlington Heights high school. He participated in the C.Y.O. boxing program and went to the finals of the C.Y.O. tournament.

At Iwo Jima

While serving aboard the attack cargo ship USS Mathews, Navy Lt. (jg) Wesley Kurtz, son of Mr. and Mrs. Orville T. Kurtz of 657 Prairie ave., Des Plaines, participated in Operation Flag Hoist, an amphibious training exercise on the island of Iwo Jima.

The operation involving thousands of navy and marine corps personnel, was designed to promote the combat efficiency of all participating units. It afforded training in the planning and execution of an amphibious landing under realistic combat conditions.

The training exercise took place nine years after the capture of the small Pacific island. Japanese resistance ended Mar. 16, 1943.

Wesley is a graduate of Arlington Heights high school.

In Rhode Island

Graduation ceremonies were held April 2 for approximately 96 men who completed the 8 week indoctrination course at the navy's officer candidate school at Newport, R. I. The newly commissioned officers are members of the naval reserve's supply corps, medical service corps and civil engineering corps.

Among the graduates was Ivar H. Stockel, son of Mr. and Mrs. Ivar H. Stockel, of 907 S. I-Oka, Mt. Prospect, and husband of the former Miss Virginia M. Vickers of Annapolis, Md.

Home From Korea

Now back home in Arlington Heights after serving in Korea for 18 months is James Theis.

Jim reports his paper arrived on schedule in Korea, and enabled him to locate several friends within walking distance of his base.

On Okinawa

Capt. George R. Dresser of Pittsburg, Calif., who recently arrived on Okinawa, is a member of the 29th regimental combat team. Captain Dresser, whose wife, Juanita, lives at 171 D. Madoline st., was stationed with the 3rd infantry division in Korea before his arrival on Okinawa. The 36-year-old officer is the son of Mr .and Mrs. Alpheus C. Dresser, 4 S. Louis st., Mount Prospect.

In New Jersey

ROBERT O. RAGLAND

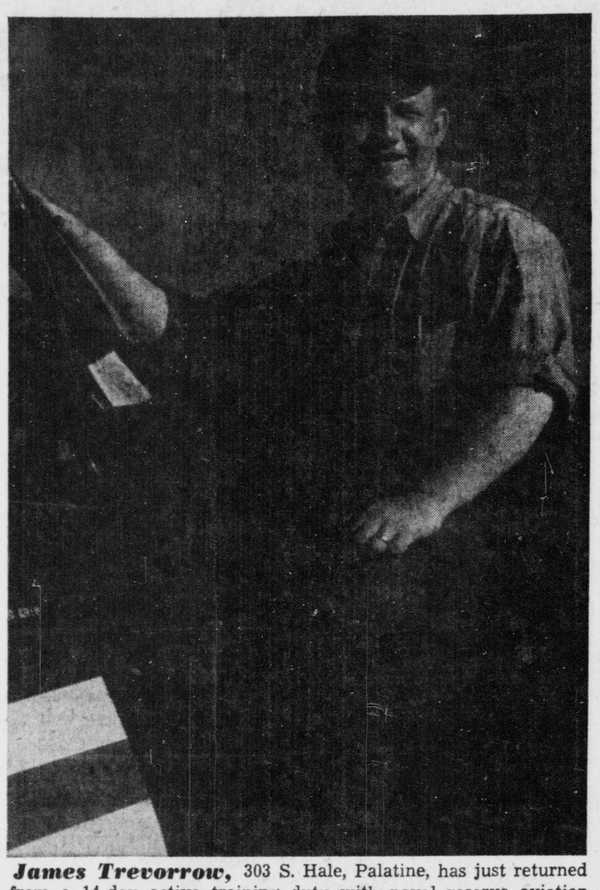

Ensign Robert O. Ragland of Mount Prospect, received a letter of commendation from the commanding officer of the Navy Supply Corps at Bayonne, New Jersey, for writing and directing an original and all-service musical comedy, which was presented at Bayonne December 16.

In the last four classes at Bayonne, comprised of 1,000 students, only two commendations were given, both being in Bob's class.

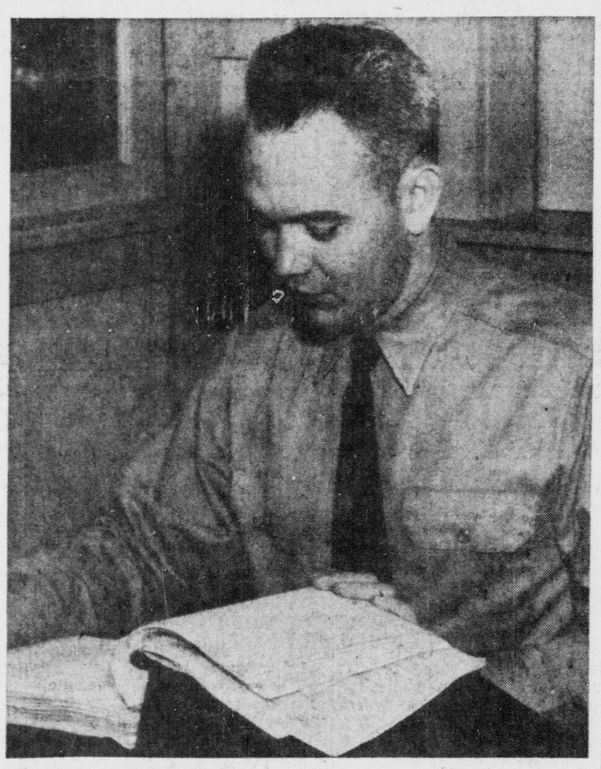

Ens. Ragland's next duty station is at the Eighth Naval air station, Memphis, Tenn., where he will be assistant to the supply officer. Bob will be in charge of procurement and the receipt control board.

Ens. Ragland is the son of Mr. and Mrs. Harold W. Ragland, 417 S. Hi-Lusi, Mount Prospect.

With Uncle Sam

James Trevorrow, 303 S. Hale, Palatine, has just returned from a 14-day active training duty with naval reserve aviation squadron VA 722, based at Glenview, at Sanford, Florida. Jim is shown above "pre-flighting" a F4U-5 Corsair at the naval air station in Florida. The group left Glenview March 22 and has just returned home after the intensive training period.

James Lambdin, Palatine road, Arlington Heights, helped handle "the paper work" in maintaining the Glenview naval air station that has just completed a two week tour of duty at Sanford, Florida. —Navy Photo.

In The Nick Of Time

Cook county clerk Richard J Daley stated that of the 43,475 marriage licenses issued by his office in 1953, a total of 843 were not returned for proper filing.

Daley sent out a letter to the couples who received the "missing licenses," and the following are a few of the replies received:

"The license, I do not have. The girl I was to marry has them, and she cannot be found."

"We never did use the license."

"I'm sure my intended wife at that time destroyed the license."

"This license will not be used —the engagement was permanently broken—sorry if this caused you any inconvenience."

Senior Tests

More than 350 Chicago area high school seniors to be graduated in June will take competitive examinations for freshman scholarships at Illinois Institute of Technology, Chicago, Saturday, April 10.

The tests will be given at 8:45 a.m. in the student union building, 33rd and Federal streets, on the Illinois Tech campus.

Slash Fuel Bills!

Users of G-E Home Heating Units report their fuel bills cut as much as 50% after changing to G. E. from out-of-date, fuel-wasting heating equipment!

Some owners estimate that such fuel savings have paid for their entire G-E installations within 2-3 years. How's that for pays-for-itself economy?

Don't put up with old-fashioned heating when it's so easy to have clean, fast, automatic G-E heat in your home. Remember—it's not the first cost that counts — it's the *fuel* cost!

AUTOMATIC
HOME HEATING

NEW G-E Oil Burning Method cuts Fuel Bills up to 50%

G-E engineers have discovered new ways to wring every last bit of heat out of oil!

★ SPECIAL G-E NON-CLOG NOZZLE mixes air and oil into a fine spray that burns completely. No waste—no soot!

★ FAMOUS G-E "TURN-BACK FLAME" gives longer exposure of flame so all possible heat is extracted.

★ INGENIOUS G-E "HEAT TRAP" cuts heat losses up to 90% during boiler "rest periods". (Ordinary boiler lets built-up heat go up chimney.)

★ G-E CONTROLS—for dependability.

For true heating efficiency, *fast* heat, and big fuel savings PLUS oceans of hot water for household needs—see us about a G-E Boiler today!

Newsstand Of The Week

"The commuters are in no mood to buy, early in the morning, but their wives stop in later," said Frank Snyder, proprietor of Snyder's Pharmacy in Roselle, one of the 58 newsstands selling 7,000 copies of Paddock Publications each week in 21 communities of this area.

Pictured above are three of the ladies waiting on trade at Snyder's, including, left to right, Mrs. Audrey Biester, Mrs. Anne Clucas and Mrs. Elvira Kirsch. Norma Snyder, Frank's wife and partner, keeps the place running, in addition to taking care of two-year-old Wendy Lynne, the Snyders' daughter.

Frank purchased the business from Andrew Knutzen eight years ago, and has had the Roselle ladies pictured above working for him two to four years. Mrs. Kirsch is the cosmetician with three part time pharmacists, Robert Bond of West Chicago, Walter Johnson of Bensenville and J. L. Fischer of Lombard helping out when needed. At present, all are involved in Snyder's annual one cent sale.

HERE ARE A CHOICE FEW:

$17,900 Frame Cottage

This two bedroom and den older home has had the utmost care of the thoughtful owners. The bath is tiled and there is a full basement with gas heat. The living room has a wood-burning fireplace, and there is a separate dining room too. Located on a 60 foot landscaped lot on the South side near schools, this home has compelling charm.

$18,250 Cape Cod

Here is the 3 bedroom home for a growing family. It has a 19' living room, separate dining room, one bedroom and bath on the first floor. There are two bedrooms and a bath on the second floor. A full basement, gas heat and a large garage complete it. It is close to schools, shopping and transportation, ready for a new owner.

$19,900

Here is a gracious, spacious older home, located on the North Side, within walking distance of school, shopping and transportation. There is a 27' living room, dining room, and modern kitchen with dishwasher, panelled breakfast room, and powder room. Three large bedrooms and bath on the second floor, making a total of over 2000 square feet of living area. It has gas heat, full basement and garage on its lovely corner lot location, among towering elms. See it today.

$20,000 Cape Cod

This is a complete three bedroom home with 1½ baths, full basement, gas heat, carpeting, aluminum combination storms and screens, venetian blinds, 2 car garage. It is located on a corner lot near the high school. A real value for the right family.

$20,750 Brick Ranch

One of the most attractive homes we have seen in a long time, this three bedroom home, has a 16 x 20' living room, large kitchen with birch cabinets and a lovely bath. The whole attic area is floored and has a ventilating fan for those hot summer evenings. Two blocks from the grade and junior high schools, this house is close to everything in town. Can't we show you thru?

$21,500 Multi-Level

On a half-acre in Prospect Heights, this three bedroom house is fully equipped and ready for occupancy. Price includes carpeting, draperies, fireplace equipment, stove and refrigerator. There is gas heat, full basement and lots of other deluxe features. The lawn has an underground sprinkling system and there is a barbecue and screened porch too. You will have to go a long way to get as much living area as this home and grounds offer.

$23,000 Brick Ranch

Some family is going to find this the three bedroom home of their dreams. Immaculate in every detail it has awnings, draperies and cornices, venetian blinds, storms and screens, the basement floor is completely tiled, and there is a garage and patio in the rear yard. This home is close to the grade and junior high school, and is waiting for a new owner. Can we show it to you today?

$24,500 Ranch

One step down from the center entrance hall is a 23' living room with a fireplace. The two bedrooms are found off of this same hall. The gleaming white kitchen with its lovely breakfast bay overlooking the rear yard also opens from the hall. This is the floor plan so desirable, and with the full basement, gas heat, garage and patio, it is complete. Located in our best residential area, you should see it.

$26,900 Colonial

Located in Scarsdale, this 4 bedroom home has unusual charm. There is an extra large living and dining area with a wood-burning fireplace, 1½ baths and kitchen which are tiled. A full basement, gas heat and attached garage complete this 1½ year home, which is priced for a quick sale to a critical buyer.

$26,900 Colonial

An all face brick three bedroom home, with the traditional center entrance. There is a 24' living room with fireplace, separate formal dining room, 1½ baths, full basement and garage to add to its desirability. The bedrooms are all larger than most. There is a porch off of the living room, and the 75' lot is beautifully landscaped. Best of all it is close to schools, shopping and transportation. For quality and convenience you cannot beat this one.

$29,900 Garrison Colonial

Four bedrooms and a 16x18' kitchen with formica counters and cabinets to fill it, make this the ideal home for a large family. The bedrooms are all twin size, and there is a fireplace in the living room as well as a separate dining room—1½ baths, full basement, and attached garage complete this combination that is hard to match. When you consider how well located it is only four blocks from trains, schools and shopping, it is doubly interesting. Call us, we'll show you thru.

$37,000 Ranch

This is a deluxe face brick ranch located on 130 x 200' of grounds in beautiful Scarsdale Estates. It has three bedrooms, 1½ baths, and an attached garage for two cars. The cook will love the birch and formica kitchen with the separate breakfast room. It is a dream. All three bedrooms are twin sized and have loads of closet space. Transferred owner's loss can be your gain here.

IN MEMORIAM

In loving memory of Ray Krambeer wro passed away one year ago, April 6, 1953.
Deep in our hearts lies a picture
Of a loved one laid to rest,
In memory's frame we shall keep it
Because he was one of the best.

Mrs. Clara Krambeer
and family.

In The Future

Day-dreaming Americans who enjoy the summer sound of distant lawnmowers are in for a rude awakening. A new muffler for power mowers increases the frequency of sound waves to a point beyond human hearing, so that grass cutting becomes about as noisy as a "silent" dog whistle (which employs the same principle) . . . A new type of bonnet for milady has an inner tube hidden in the brim. In folded-up form, the hat can be carried in a handbag; inflated, it provides shades for the eyes and shadow for the features . . . A present-day substitute for those vital-statistic pages that used to be bound into family Bibles is a new book, with leather-like cover and blank pages, "Famlifacts" by name . . . That basic infant accessory ,the hot-plate dish, has been restyled by one maker to give the interior a slant-out design that promotes self-feeding without aid of "pusher" or thumb.

First Federal Savings Observes Good Friday

No business will be transacted on April 16 by First Federal Savings of Des Plaines in observance of Good Friday. For the convenience of customers, the office will be open Wednesday, April 14, 9 to 2 p. m.

THE MAILMAN'S CORNER

BY LELAND ELLIS TRUXELL

Among the great blessings that a man can have is that of patience. Much of the heartache, sickness and despair in life comes from a lack of this virtue.

Time and patience have a way of solving the most difficult problems in life; but patience should never be a passive thing.

When you are sick, it is far better for you to wait in faith for time to pass until you are well than to fret and fight against what you cannot help; yet at the same time, your patience would be wasted unless you lived by your doctor's advice, took the medicines he prescribed.

* * *

THE PATIENCE of mothers has been written, preached and sung about through all time. Waiting through nine long months for the birth of a child, often experiencing pain, uncomfortableness, restriction from normal activities, harrassed by the necessity of diet, and compelled to make arrangements for the day the baby arrives, is indeed training in the school of patience. It is a trial, and at the very same time, a blessing.

Patience never means indifference. We can work and pray and wait, but we should never be careless or idle while we are waiting. Patience is an inner peace of mind which has become resigned to accepting the inevitable results of those things which one is doing his best to obtain or avoid.

* * *

PATIENCE in its relation to association with other people is a most rewarding virtue. To wait until you are sure before you pass judgment on another will save you many a heartache; and to judge their criticism of yourself in the light of unbiased facts you know about yourself, then, if need be, patiently change your habits or belief to conform to what is true rather than to what you wish yourself and others to believe, builds a strong character, brings self respect and self control. The patient, understanding person, will make friends of people whom, if he were to be unfair and prejudiced in his judgment, might otherwise become lifelong enemies.

Post-Korean Vets Sign For GI Training

One out of every six post-Korean veterans in Illinois has trained at some time or another under the eighteen month old Korean GI bill. The figures are included in a survey announced by Robert D. Beer, manager of the VA regional office in Chicago.

The 18,747 Korean GI Bill trainees enrolled for courses in the State range from accelerated grade schoolwork to post-graduate college study. The national total is 337,000.

More than half of the Illinois trainees, or nearly ten thousand attend colleges and universities.

ANOTHER THIRTY per cent, or about seven thousand enrolled in schools below the college level. Trade and vocational courses were the most popular types of below-college schooling, accounting for nearly six thousand veterans. Over two hundred enrolled in grade schools and high schools; 450 selected business schools, and 260 schools, and two hundred sixty took their training in correspondence schools.

Veterans who trained on-the-job under the Korean GI Bill numbered 2,061. Nearly eighty per cent of these were in apprenticeship programs. The rest were taking other forms of job training.

ANOTHER 864 Illinois veterans were enrolled in institutional on-farm training programs—a combination of classroom study with actual experience on the farm.

New applications for training from post-Korea veterans are coming into the Chicago Regional Office at the rate of 2,000 a month, Beer said.

The state's population of veterans with service since the outbreak of Korean fighting now stands at nearly 300,000. The National figure is 2,500,000.
